Changes in Flag Demonstrate Course of United States History

Stars and Stripes, 1777 — 13 stripes, 13 stars

U. S. Navy Jack, 1775 — 13 stripes and insignia

Bennington Flag, 1775 — 13 stripes, 13 stars

North Carolina Militia flag, 1781 — Three times as long as wide.

Second U.S. Flag, 1795 — 15 stripes, 15 stars

Third U.S. Flag, 1818 — 13 stripes, 20 stars

Old Glory — 13 stripes, 48 stars

Next U.S. Flag? — 13 stripes, 50 stars?

EVOLUTION OF THE U.S. FLAG—June 14 marks the national holiday Flag Day. The history of the United States flag partly tells the history of the country Starting with the original 13 colonies, (from left) the first 13 stars were arranged in a circle The well-known "Don't Tread on Me" flag, which was the first American Navy Jack was used in 1775 The battle of Bunker Hill was fought under the Bennington flag in 1775, being presented to Col John Stark by Nathaniel Fillmore and made of homespun linen and hand sewed. The flag carried by the North Carolina Militia at the battle of Guilford Courthouse in 1781 was nearly three times as long as wide and the white field of the union extended almost two-thirds of the entire length May 1, 1795, Congress said that the U S. flag should be 15 stripes alternate red and white and 15 white stars in a blue field Later Congress ordered that after July 4, 1818, the flag should have 13 stripes for the original 13 colonies and 20 stars for each state at that time, a star being added for each new state There was no law to designate how the stars should be arranged. The present Old Glory has 48 stars six rows of eight stars each With legislation to admit Alaska and Hawaii to the union, Philip C Brown of Fallbrook Calif has designed a possible flag of 50 stars for 50 states. The symbolism in the design is that "The circle signifies the unbreakable unity of the United States, with the large Star of stars representing the Polar Star of Divine Guidance in the affairs of our Nation" (Journal Drawing)

Nation Seeks Shelter In Giant Defense Test

By the Associated Press

Life skipped a beat Monday as millions of Americans and Canadians heeded wailing air raid sirens in the continent's first international civil defense exercise

With grim, disciplined make-believe young and old abruptly dropped their daily pursuits and, in city after city, sought shelter against the fury of mock atomic annihilation

Early reports indicated that the public's brief participation, no more than 10 minutes in most cases, was successful

But here and there a hitch developed The alarm system didn't go off properly, so there was some confusion in the Pentagon, nerve center of America's military might, as to whether or not the test had started Wardens passed the word

President Eisenhower himself led the surge toward shelter With the entire White House staff, the Chief Executive hurried to basement refuge areas

The vast exercise assumed that widespread havoc was wrought by successful enemy bomb drops over 54 American and Canadian cities from Puerto Rico to Hawaii

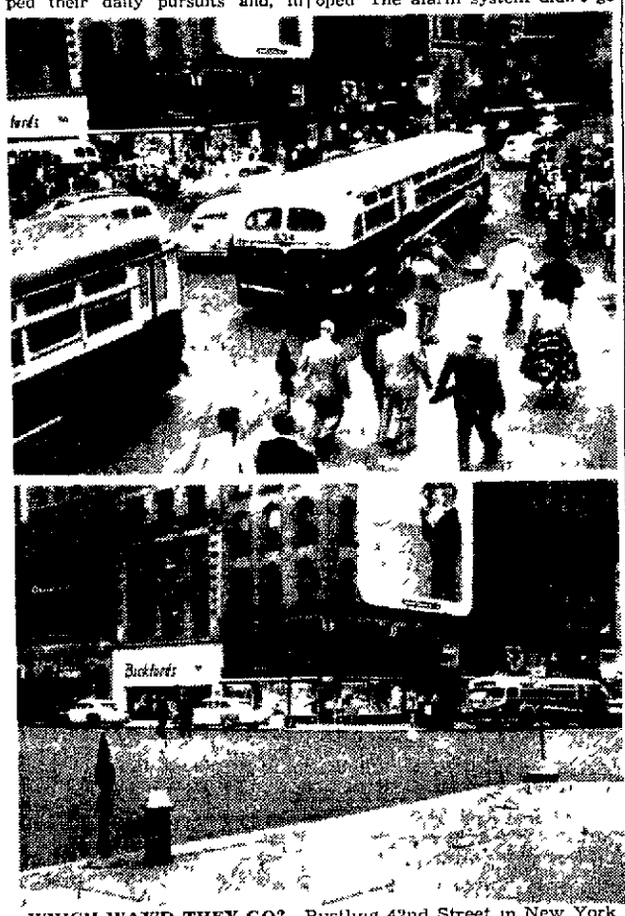
In New York, authorities ordered traffic halted, stock and other exchanges closed, planes grounded and workers sent to the nearest shelters during a simulated 10-minute raid

In spite of the alert, it was assumed all 41 targets would be put out of commission at least temporarily Officials estimated that a make-believe fire in Washington would cause 287,000 deaths and 400 000 serious injuries

All these things were set in motion by an ominous message received by Civil Defense posts a few minutes before the "warning red" was sounded

'Strong movement of unidentified aircraft penetrated U S.-Canadian border, heading south"

The message marked the official start of the two days of "Operation Alert" affecting 41 target cities in the United States, eight in Canada, two in Alaska, and one each in Hawaii, Purto Rico and the Virgin Islands



WHICH WAY'D THEY GO?—Bustling 42nd Street in New York City clears fast (lower photo) in "Operation Alert." (AP Wirephoto)

Crosby Calls Defense 'Emergency'

Gov. Robert Crosby issued a simulated proclamation Monday declaring Nebraska in a state of civil defense emergency and called for a special session of the Legislature to convene at 9 a m June 17

The governor's proclamation was part of 'Operation Alert"

Lincoln's part was to receive reports of damage from stricken cities and dispatch supplies and personnel as needed

11.1 Per Cent of Trucks Weighed Above Legal Limit

State Engineer L N Ress said that statistics at state weighing stations show that in the past five months 11 1 per cent of the trucks weighed were above the legal load limits on axle or gross weights

Of these 1 3 per cent were above the new limits allowed by the truck weight tolerance bill passed by the 1953 legislature

Accompanied by stiffer fines, the bill allowed a 5 per cent tolerance above axle weight load limits and 3 per cent above the gross weight load limits

But while this 1 3 per cent in violation is lower than the 3 2 per cent before the truck tolerance bill was passed, as far as the roads are concerned the matter is far different, Ress explained

* * *

THAT'S BECAUSE 9 8 per cent of the trucks weighed were "within the tolerance"—that is, they were above the legal load limits but within the 3 or 5 per cent tolerance

"It means that 11 1 per cent of the truckers are now operating above what used to be the legal load limits on axle or gross weights" Ress said

The 12 state weighing stations processed 65 279 trucks on which 1 636 arrests were made Of these 864 were charged with violating the overload laws and 461 with not having the proper capacity plates on their vehicles A total of 1,596 convictions resulted

* * *

FINES COLLECTED amount to $80,724 20 In addition, Nebraska truckers were instructed to buy a total of $86,921 20 in capacity plates Out of state truckers bought a total of $18,522 10

Ress said that the Safety Patrol had the stations open for a total of 5,431 hours in the five months, involving a total of 10,767 man hours

The Weather

NEBRASKA FORECAST

Lincoln Partly cloudy and warm this afternoon high near 90 Cloudy with thundershowers this evening and tonight low near 67 Tuesday partly cloudy and not so warm high near 80 Moderate to fresh southerly winds, shifting to northwest early tonight

Armoured Car Service in today's Want Ads, Classification 12—Adv.

Carr Recalls Army Talk Of 'Hostage'

WASHINGTON (AP)—Francis Carr testified Army officials repeatedly linked talk of special Army treatment for Pvt G David Schine with efforts to stop Sen McCarthy's investigation of Reds in the Army then turned to speaking of Schine as a 'hostage"

The chubby chief of staff for McCarthy's investigations subcommittee named Secretary of the Army Stevens as having engaged in talk of preferential treatment for Schine

But he said only Army Counselor John Adams, to his knowledge, spoke of Schine as a "hostage."

* * *

CARR DISPUTED much testimony given earlier in the McCarthy-Army hearings by Adams and by Stevens

He said it was not true, as Adams charged, that Roy Cohn once threatened to "wreck the Army" and to see to it that Secretary Stevens was 'through" if Schine were sent overseas

* * *

CARR ALSO disputed Adams' testimony that

1 On Nov 3 Carr heard Cohn tell Adams the Army was in for a long series of investigations if Adams insisted that Schine must be "treated like any other soldier"

2 Carr warned Adams the Army was "in for trouble" as long as Schine's assignment was unsatisfactory to Cohn

3 In telephone calls Carr made to Adams at Sioux Falls, S D, on Dec 20 and 23, "the principal subject of the calls seemed to be Schine"

Dairy Support Increase OKd

WASHINGTON (AP)—The House Agriculture Committee voted to raise the dairy support price from 75 to 80 per cent of parity between next Sept 1 and April 1, 1955

Agriculture Department sources said the effect would be to raise retail butter prices by about 3 cents a pound and cheese by 1½ to 2 cents

By a 22 to 6 vote, the committee decided to write this mandatory 80 per cent price prop level for butter and other dairy products into the omnibus farm bill it will present to the House in a week or so

The committee also approved a proposal by Rep McIntire (R-Me) to broaden the criteria the secretary of agriculture must consider in arriving at the support level for two years beginning next April 1.

Fanatic Didn't Fire Blanks —'U.S. Didn't in Puerto Rico'

WASHINGTON (AP)—A slight, young Puerto Rican hurled defiance at a district court judge and sullenly repeated "I abstain" in refusing to identify three others with whom he allegedly staged a wild shooting spree in Congress

Irving Flores, 28, testified at his trial that he fired three or four shots in the demonstration last March 1 in which five congressmen were wounded on the floor of the House of Representatives

I came with the purpose of making a patriotic demonstration'

Flores told the court, under questioning, that he came to Washington by train with his three companions, entered the Capitol and went, by chance, to the House. He testified he was not nervous but "calm, just as I am now"

Flores testified he neither pointed at any of the five congressmen who were wounded nor intended to kill or harm anyone in particular

He said he and his three colleagues all bought one way train tickets to Washington because

'I did not expect to return It was very natural that, following the demonstration, we would be imprisoned"

Asked why he did not use blank cartridges, he replied

"Because when the United States went into Puerto Rico they did not use blank cartridges."

Mayor Jeary On TV

Six Tons of Guatemala-Bound Ammunition Held in Hamburg

Antiaircraft Shells Bought From Swiss

Germans Halt Shipment On High Commission Request

HAMBURG, Germany (AP)—The US High Commission announced six tons of Swiss antiaircraft shells being shipped to Guatemala have been held up in this free port

German authorities said the shipment was listed as 20-millimeter dummies—shells without explosives But American officials said they believed it was live ammunition

The consignment arrived here May 20 for shipment aboard the German vessel Coburg to Guatemala It was stopped by German authorities on request of the U S High Commission.

Free port official Albert Bozenhard said the shipment "is now under supervision of free port authorities and the senders can do with it what they want"

* * *

THE MATERIAL was not shipped because the Hamburg-America line (HAPAG) declined to load the ammunition on the Coburg

An official of the federal transport ministry said it had suggested to the Hamburg-America line, after the U S. request had been made, not to carry the shipment

"Although trade on the seas is free" he said, "we advise our ships not to do business which might result in trouble or worse"

In Bern, Swiss officials said Guatemala had purchased in Switzerland several months ago a quantity of 20-mm antiaircraft shells with cheap heads usually used for instruction purposes

* * *

THEY SAID they assumed the shipment detained in Hamburg was made up of these shells An armament expert said the shells, in addition to being used for instruction, could also be employed as cheap tracer ammunition. They were designed for the old prewar Oerlikon 'Becker gun" It is not a high-explosive shell and is not armor-piercing, but the expert said, "with a lucky hit" it could bring down a plane.

It would be possible to transform the shells into real war ammunition but this would be an expensive way of making ammunition, the expert said The shells are known as "ball cartridges"

The U S governments regards shipments of arms to leftist-leaning Guatemala as a threat to the security of the Panama Canal

* * *

U.S. AUTHORITIES throughout the world have been ordered to prevent the flow of arms to the Central American country following the delivery recently of a 10 million dollar shipment to Guatemala from Poland aboard a Swedish ship.

* * *

THE OFFICIAL said there was nothing clandestine about the shipment It was documented for transit through the free port in the normal way

He disclosed that a consignment of pistols from Prague to Guatemala got through unhindered in March before U S authorities had been alerted to prevent such shipments

The official said a watch for further shipments of munitions from Hamburg was being kept, but he surmised that the stoppage of the anti aircraft shells would make the shipper switch to another port, if possible.

Electors Go To Polls Tomorrow

Light Vote Seen On Amendments

Registered electors of Lincoln are given the opportunity Tuesday to visit their 95 polling places to vote 'yes" or 'no' on the nine proposed charter amendments The polls open at 8 a m and close at 7 p m

While a light vote is generally forecast the election commissioner reports 75 absentee ballots out or voted This exceeds the 59 recorded at the city primary in April, 1953

As to eight of the nine proposals, a small or heavy vote may have no particular significance since no attack has been directed on them. The only measure on the controversial "pan", publicly at least, has been the off street parking amendment.

Mayor Clark Jeary's final word to the elector is, "Vote" As to the proposals clear of open controversy he said

"They are not fouled up by prejudice No direct additional tax money is involved in the changes I feel encouraged. We have done our best to bring the charter up to date and to inform the people what the proposals contain It is now up to the people"

Pen Workers Petition for Pay Increase

A petition signed by 125 employees of the State Penitentiary has been forwarded to Gov Robt Crosby asking a $30 a month blanket increase in salaries of all state institution employees

The petition stated, "We the employees of the Nebraska State Penitentiary and members of Local No 1433 (of the American Federation of State, County, and Municipal Employees) feel that we, as employees of a penal institution, are grossly underpaid as compared to employees of other states"

The petition contends that the Board of Control, which supervises the Penitentiary and other state institutions, has enough money for such a raise

U.S. Building Mark Seen

WASHINGTON (AP)—A government report, based upon a new look at the thriving construction industry, predicted today that spending for new construction would set an all-time record of 36¼ billion dollars, the peak year so far

Last November the two government units estimated construction this year would fall about 2 per cent under the 1953 record level The dollar total predicted last November for 1954 was 34 billion dollars, 2 billion under the new forecast

SAC Lacks Confirmation

Beynon Reports Lincoln Base Strength to Be 12,000 Men

Ira D Beynon, former director of real property management for the Defense Department said 'present planning calls for about 12 000 at Lincoln Air Force base" which is about twice the previously announced personnel strength

According to Beynon, it was planned to have 6 000 to 7 000 personnel at the Air Base but revised figures he said called for about double that amount

The public information office of the Strategic Air Command (SAC) at Offutt Air Force Base in Omaha said it was unaware of any increase in proposed total strength of the Lincoln Air Force Base

The SAC office said that information given out recently by Maj Gen Archie G Old Jr, director of operatons for SAC, that an air division with a strength of about 6 000 to 7 000 officers and men was the latest information available to that office

* * *

MAYOR CLARK JEARY said he knew nothing about the 12 000 figure mentioned by Beynon but that in discussions about the base the estimate of the number of personnel always had been rather fluid

AArch Baley general manager of the Chamber of Commerce, said the 12,000 figure is "new to me" If the figure is accurate, he added, it would mean a "complete, major change of plans"

Baley said the number of personnel expected at the base never had been more than 7,000

* * *

THERE IS no cause for alarm on the part of Lincoln's builders because the Federal Government plans to build 600 housing units for Lincoln Air Force Base personnel according to Beynon

It was revealed last week that a housing project was being planned for Lincoln by Assistant Defense Secretary Franklin G Floete in testimony before the House Armed Services committee Defense Department budget requests contained an item of $350 million to build 25,000 family housing units throughout the country with the project at Lincoln being the largest proposed

"THE PRESENT planning," Beynon said, 'calls for about 12,000 at Lincoln Air Force Base" and the impact of this number of people on the community should result in several hundred additional families moving to Lincoln It is my opinion that during the course of the next three years Lincoln could use 6 000 new housing units, consequently the 600 homes would be a mere drop in the bucket'

Beynon said he had checked on the status of the proposal and it is still before Congress and has not passed

'And even if the appropriation were made" Beynon said, 'the builders of Lincoln can be assured the government would not build housing if there was no need for them"

"ON THE other hand, Beynon said, I would say that if the government did invest in 600 homes it would be another indication they planned to make this a permanent post I can see no reason why anyone contemplating building should be discouraged by the possibility the government might build some houses at the Air Base"

DWIGHT—Mary Warren, 18-month-old daughter of Mr and Mrs Albert Warren of Dwight died Sunday morning after her father had accidentally backed over her with a pickup truck

Butler County Sheriff Joseph F Meysenburg said the child was apparently in the driveway when Warren was backing out of the garage.

Racial Prejudice Investigated

Indians' Deaths in Nebraska Involved

WASHINGTON (AP) — Rep E. Y. Berry (R-S D) said the Indian Department is investigating to determine if there was "racial prejudice or discrimination" in two Nebraska cases involving the death of two Pine Ridge Indians

Berry said feeling is running high" among Pine Ridge Indians over the shooting of Vincent Broken Rope by the chief of police at Gordon Neb. and the death of Jessie Red Hawk in an automobile incident

Berry said the Gordon police chief was not subjected to any court action, and that as a result the Pine Ridge Tribal Council had adopted a resolution of boycott against Gordon business

He said a feeling of racial prejudice had been stirred" as the result of a jury verdict at Chadron Neb which found Robert Walton guilty of assault and battery in the death of 14-year-old Miss Red Hawk He was sentenced to six months in jail and fined $500 Walton originally had been charged with manslaughter

Gordon Surprised At Inquiry Report

GORDON (AP) — Announcement that the Bureau of Indian Affairs is investigating possible "racial prejudice or discrimination' in the shooting of an Indian reportedly came as a surprise here

The shooting of Vincent Broken Rope by Police Chief Clarence J Lane was ruled justifiable homicide by a coroner's jury Mrs Reva Evans Gordon editor said

Mrs Evans said that if a resolution had been adopted to boycott Gordon businessmen it had no noticeable effect on Indians here She said the Indian population was normal and no business had been actively boycotted

Lane according to testimony given at a coroner's inquest into Broken Rope's death, fired the shot which killed Broken Rope after the Indian allegedly slashed him with a knife, inflicting a minor flesh wound

Broken Rope according to witnesses was intoxicated

Mrs Evans said the inquest had been postponed while officials made a special call for witnesses to the shooting

She said none appeared and the coroner's jury returned a verdict of justifiable homicide

The case later was investigated by agents of the Indian Agency at Pine Ridge, she said

Berry said the Gordon police chief was not subjected to any court action.

To the Republican Voters in the First Congressional District:

See and Hear —

PHIL WEAVER

Republican Candidate for CONGRESS

KOLN-TV Wednesday, June 16, 6:45 P.M. Friday, June 18, 6:00 P.M.

PHIL WEAVER . . . is a native Nebraskan and successful Falls City business man. He is a graduate of the University of Nebraska, is married and the father of 4 sons.

PHIL WEAVER . . . served in the states and overseas as a combat Airborne Infantryman with the 17th Airborne Division, First Allied Airborne Army and Headquarters Berlin District in Command, Staff and Liaison duties. He was awarded the Combat Infantryman's badge and Bronze Star.

PHIL WEAVER . . . is a Past Commander of the Falls City Veterans of Foreign Wars Post, a Past Exalted Ruler of the Falls City Elks Lodge and a former Secretary and Treasurer of the Richardson County Republican Central Committee.

With his administrative and business experience, PHIL WEAVER is the type of leader that this district needs to REPRESENT THE INTERESTS OF ALL CITIZENS in the Congress of the United States.

This advertisement paid for by the 'Phil Weaver for Congress' Organization, Lloyd Marti, Treas.

Mrs. Mary Fuss Of 401 B Dies

Mrs. Mary Fuss, 75, of 401 B, died Sunday.

Born in Russia she had been in the United States 52 years, and was a resident of Lincoln for eight years.

Mrs. Fuss was a member of Zion Congregational Church.

Surviving are her husband, Jacob; sons, Jacob and Alex Marker of Milwaukee; and daughter, Molly Sutton of Bridgeport.

For the Dogs

TSURUGU, Japan (AP) — Dog catchers in this western Honshu city, fearful of the curses of dogs they caught and destroyed, unveiled a stone memorial tablet for the repose of the departed canines.

Charles S. Copeland Funeral Wednesday

The funeral of Charles S. Copeland, 69, of 4140 Sumner, who died Sunday at Colorado Springs, Colo., while there on business, will be at 2 p.m. Wednesday at Wadlows, the Rev. C. E. A. McKim officiating. East Lincoln Lodge 210, AF&AM, will also conduct services, and there will be a Knights Templar escort.

Mr. Copeland

He had been associated with Television Mart, Inc., the past two years and before that he had worked at the Capitol.

Born in Nebraska City, he went to Omaha when 4 years old and lived there until 13 years ago when he came to Lincoln.

Mr. Copeland was a member of Capital Lodge 3, AF&AM of Omaha, York Rite, Scottish Rite, Shrine, OES 148 and Elks Lodge 80.

In the York Rite he was past high priest of RAM 6, past illustrious master of Lincoln Council 4 and past commander of Mt. Moriah Commandery 4.

Surviving are his wife, Viola V.; son, Noel J. of Lincoln, and brother, Fred of California.

Purse Is Snatched On 13th, Between N and M

Janet Murphy of 640 So. 12th has reported to police that a boy grabbed her purse while she was walking on 13th between N and M, Sunday night.

She said the youth ran west through an alley to 12th Street.

Police are investigating.

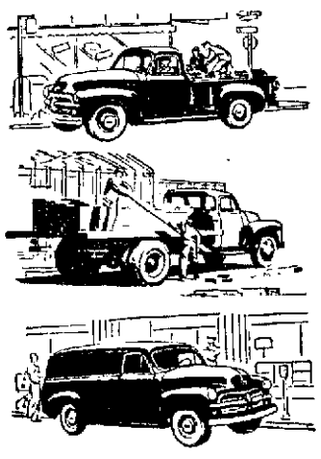
New engine power! New operating economy!

New Chevrolet Trucks . . .

do more work per day . . . more work per dollar!



You save hours on the road. Thanks to new high-compression engine power, you can maintain faster schedules without driving at higher maximum road speeds. Increased acceleration and hill-climbing ability cut your time per trip.

You save extra trips. That's because of extra load space. New pickup bodies are deeper, new stake and platform bodies wider and longer. Also, they're set lower to the ground to make loading and unloading faster and easier.

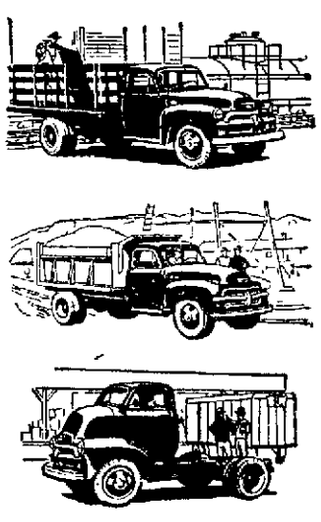
You save time on deliveries. With new truck Hydra-Matic transmission, you can forget about clutching and shifting—for good! This proved, economical automatic transmission is optional at extra cost on ½-, ¾- and 1-ton models.

You save on operating costs. The "Thriftmaster 235" engine, the "Loadmaster 235," and the "Jobmaster 261" (optional on 2-ton models at extra cost), deliver greater horsepower *plus* increased operating economy.

You save with lower upkeep, too. New Chevrolet trucks are built stronger to last longer. For example, there are heavier axle shafts in two-ton models, bigger clutches in light- and heavy-duty models, stronger frames in all models.

And your savings start the day you buy. In fact, they start with the low price you pay—and they never stop as long as you own a Chevrolet truck. Chevrolet, you know, is America's lowest-priced line of trucks.

Come in and see all the wonderful new things you get in America's number one truck. We'll be glad to give you all the money-saving facts.



MOST TRUSTWORTHY TRUCKS ON ANY JOB!
Chevrolet Advance-Design Trucks

Grand Stand Un-Roofed At Trenton

No One Injured As Crowd Leaves

Special to The Journal

TRENTON—Black clouds and a heavy rain drove 1,000 persons out of Massacre Canyon near here and probably saved many from death or injury in a tornado which followed.

The crowd had been watching stock car races during the afternoon at the Pow-Wow grounds. The tornado tore the roof from the grandstand.

No one was reported injured and the twister did not hit Trenton, although it had moved in that direction.

Damage at the celebration grounds was estimated at $10,000.

Racing fans had fled home or to shelters and a few had taken refuge in their autos. Three autos were damaged.

Bub Bird of Trenton escaped injury as the storm tore the windshield out of his light truck, United Press said. Leonard Olson and three members of his family escaped also as part of the roof hit their auto.

Kenny Miller who lives near the grounds said it was too dark to see the funnel but he heard a roar, Associated Press said. "Trees seemed to be whirled around in a circle."

The new stadium, completed and first used last year, cost $28,000. It replaced the wooden grandstand which burned to the ground five days before the 1952 Pow-Wow.

Elizabeth Walker Rites on Tuesday

The funeral of Mrs. Elizabeth V. Walker, 96, of 1730 Ryons, who died Sunday, will be at 11 a.m. Tuesday at Hodgman-Splain, the Rev. Vance Rogers officiating. Burial will be in Wyuka.

Mrs. Walker

Born in Pekin, Ill., she had lived at the same address in Lincoln 65 years and in Nebraska 81 years.

Her husband, Frank H. Walker, who died in 1936, was employed by The Lincoln Journal circulation department for 33 years.

Mrs. Walker was a member of Trinity Methodist Church.

Surviving are her daughter, Mrs. Pearl Gregory Montgomery of Kansas City, Mo.; granddaughters, Mrs. Vance Balfour of Nehawka, Mrs. John Chalmers of Del Mar, Calif., Mrs. John B. Owen and Frances Gregory, both of Kansas City, Mo.; five great granddaughters and one great grandson.

Funeral of John Mott Wednesday in Ashland

The funeral of John Mott, 17, who was killed last Wednesday at Bellingham, Wash., has been changed to 2:30 p.m. Wednesday at First Christian Church at Ashland. The Rev. O. L. Morrow will officiate.

F. M. Druliner, Methodist Pastor, Dies

The Rev. Frank M. Druliner, 83, of 4242 St. Paul, died Sunday.

A Methodist minister in Nebraska for more than half a century, he had been pastor of Wesley Methodist Church, 18th and J, and had previously served the Lincoln Heights Church both after his retirement.

Rev. Druliner

He was pastor of the Havelock Methodist Church from 1930 to 1935 officiated at Hallam several years before retiring. Other charges were at Hartington, Madison, Plattsmouth, Red Cloud, Stanton, Auburn, Springfield and Schuyler.

* * *

BORN IN New Carlisle, Ind., he had lived in Nebraska since 1893. He began as a circuit rider, often preaching in five towns a day.

A state tennis doubles champion at one time, he continued to teach tennis to church youth until a few years ago.

His hobbies included cabinet making, hunting, gardening and checkers.

When pastor of Havelock Methodist he was president of the Lincoln Methodist Ministers Association for one year.

* * *

THE REV. Mr. and Mrs. Drulinger observed their 57th wedding anniversary last December.

Surviving are his wife, Rosa Nell; sons, Tracy M. of Indianapolis, Ind., Harold J. of Omaha, C. Milton of South America, and Roger L. of Weeping Water; daughters, Mrs. Eunice L. Todwig and Mrs. Mollie Joyce Kenney, both of Lincoln, and Mrs. Alberta Wheeler of Van Nuys, Calif.; brothers, Ross of Benkelman, George and Norman, both of Los Angeles, Harry of Portland, Ore., and Burr of Idaho; sisters, Mrs. Mabel Turner and Edna Druliner, both of Los Angeles, and Mrs. Margaret D. Alter of Denver; nine grandchildren and one great grandchild.

Water Use Conference Set Tuesday

The water use advisory committee, appointed my Mayor Clark Jeary to assist him in restricting summer demand if and when occasion requires, will hold a first session Tuesday at 4 p.m.

Jeary also is calling in Public Works Director D. L. Erickson and Plant Supt. Fred Blumer to help present the picture of last year's operations and difficulties.

There is no emergency at this time, water consumption being far under that of last year at this time. The purpose, Jeary said, is to be prepared when preparedness is needed. Whether last year's alternate day use program is repeated is to be determined later.

The demand for the past three days was 65,879,250 gallons as compared with 84,598,950, same period last year. The new 5-million gallon 51st street reservoir should be turned over for duty next week.

Foresters Hold Convention Here

Approximately 75 persons met in Lincoln for a one-day state convention of the Women's Catholic Order of Foresters, fraternal order of the Catholic Church.

The group attended Mass at St. Mary's Cathedral, then convened at the Lincoln Hotel for business sessions.

Speakers at a noon luncheon were Miss Mary E. McCullough of Chicago, high chief ranger, and Msgr. C. J. Riordan.

Toastmistress was Miss Grace McMahon. A solo was presented by Louis Demma.

Nebraska Wage Gains Beat Cost of Living Rise in '53

Pay checks of Nebraska workers outdistanced cost-of-living increases last year in the race for a higher standard of living.

The general average of wages was clocked at $200 more than last year, while cost of living recorded a $22 increase.

The June issue of Business in Nebraska, a bulletin prepared by the Department of Business Research, College of Business Administration, University of Nebraska, said:

"For the first time, some of the average wages went above $4,000, this being achieved in the construction, agricultural, forestry, fishing, and mining fields."

Nebraska worker's average wages totaled $3,364 last year, compared with $3,169, in 1952, according to the bulletin.

"Constructioon wages jumped $457, while food retail and the service industries came up only $85 and $91 respectively. It should be realized, of course, that the food retail and service compensations are heavily influenced by the factor of part-time wages. The true full-time wages and salaries in all the industries may be slightly higher than the averages shown, but considerably higher in these two."

The bulletin pointed out that total employment also jumped. In 1953, employment was 185,672, compared with 183,413 in 1952.

The tables prepared by the bulletin do not include all persons who work for pay in Nebraska. Excluded are those under the unemployment compensation plan, government workers, farm workers, and employees of firms which have fewer than eight workers.

Poorer Gain

Considering the meaning of the continued rise in pay, the bulletin said:

"It may mean that in addition to the antidepression measures such as unemployment compensation and the guarantee of bank deposits, an even more powerful antidepression force has been created.

"The past ten years have seen an amazing change in the distribution of income in America. The poorer groups have definitely benefited at the expense of the richer groups. This is not only true of income after taxes, but even of income before taxes.

"The unskilled and the less skilled have come up faster than the more skilled, and all workers have increased faster than management or the owners of business enterprises. The farmer who is traditionally a low income receiver has also been well taken care of, at least until lately."

Employment, Income Changes

Here are the comparisons of average employment and average annual wages for 1952 and 1953:

	Employment		Wages	
	1952	1953	1952	1953
All Industries	183,413	185,672	$3,169	$3,364
Construction	13,500	13,560	3,833	4,290
Manufacturing, total	57,196	58,381	3,447	3,677
Food manufacturing	26,954	26,752	3,454	3,757
Metal manufacturing	12,228	12,520	3,584	3,757
Other manufacturing	18,014	19,109	3,345	3,514
Public utilities	17,710	18,557	3,362	3,606
Trade, total	62,872	63,379	,915	3,033
Wholesale trade	22,695	22,775	3,617	3,738
Food retail	11,345	11,851	2,231	2,316
Automotive retail	6,976	7,215	3,525	3,612
Other retail	21,856	21,538	2,345	2,487
Finance	12,699	13,326	3,342	3,548
Service industries	15,927	16,346	2,168	2,259
Agriculture, forestry, fishing, mining and unclassified	2,509	2,102	3,706	4,000

Eight Nebraskans Get Michigan Degrees

Two Lincolnites and six outstate persons were among those graduated from the University of Michigan at Ann Arbor.

Marilyn Pedersen of 2685 Woodsdale received a Bachelor of Science in Dental Hygiene and Jack V. Gwynn of 3810 A also a Bachelor of Science.

Outstate Nebraska graduates were Will D. Weddel of Arcadia and Virgil L. Ferguson of Aurora, Master of Arts; Daniel J. Garber of Kimball, and Virgil J. Haggart Jr., and Ralph I. Seiby, both of Omaha, Bachelor of Laws; Mary L. Rispler of Omaha, Bachelor of Arts.

CARPENTER BEGINS CAMPAIGN—State Sen. Terry Carpenter begins his campaign Monday for the Republican nomination for the U.S. Senate. He will make a two-month tour of the state in this house trailer, visiting from 500 to 600 Nebraska towns and cities. To make the tour are (from left) Carpenter, Mrs. Carpenter, Jean Lafferty of Philadelphia, and sons Michael and Gary. (AP Wirephoto.)

Carpenter 'Caravan' for Ike' Starts 2-Month State Tour

SCOTTSBLUFF (AP)—State Sen. Terry Carpenter's "Caravan for Ike" hits the road Monday in his trailer house campaign for the U. S. Senate.

The 40-foot trailer, spangled with campaign slogans and equipped with a loud-speaker system, will carry Sen. Carpenter and his family into from 500 to 600 small Nebraska towns before the primary Aug. 10.

"This is one thing (the Senate race) I really want to win," Carpenter said as final preparations for the two month tour were being made.

First campaign stop Monday was to be Hemingford. Then on to Chadron, Crawford and east down Highway 20. The caravan will first work the central and west portion of the state, using parallel highways running east and west. Eastern Nebraska's campaign will work north and south out of Lincoln and Omaha.

SEN. CARPENTER said his campaign as well as the overall Senate race would be accelerated as he hit the road. "This is one thing I really want to win," he said, "and there's no candidate that has the record to compare with my field of endeavor.

"I'm going to let the people see the character (meaning himself) in person on this caravan. Basically, a lot of people have formed the wrong impression of me. I want to correct what propaganda has led them to believe with physical approach and speeches.

"The people have more in common with me than any other candidate for the Senate post," Carpenter said.

"Terry's one man's family" campaign will find Mrs. Carpenter, sons Michael and Gary and Gary's girl friend, Jean Lafferty of Philadelphia, on the caravan trailer. They each have a job. Gary will drive the pickup truck drawing the trailer, with the family following in a car.

* * *

MICHAEL will distribute 50,000 handbills, Jean will keep the paper work in order, Mrs. Carpenter will do the cooking, make the beds and boost the morale and Terry will do the talking.

The last 10 days of Carpenter's tour will include television time at sations in Holdrege, Lincoln and Omaha.

The trailer, armed with slogans, "Terry's for 100 per cent parity plus payment for every acre forced out of production;" and "Arms—yes, but not one American boy goes to Indo-China" will pull into Nebraska towns with music blaring from the loudspeakers.

After a tour of the town, the trailer will stop at a spot for townspeople to gather around and hear Terry expound as well as answer questions put by the voters. While Carpenter talks, the trailer will pull out for the next town's drum beating.

The senator said he expects to hit eight or 10 towns each day.

Syracuse Legion Elects Officers

SYRACUSE — John Rhodus, high school principal here, was elected commander of the American Legion post. He succeeds Alvin Wellman.

Other officers are Kenneth Metzger, vice commander; Glen Fentiman, second vice commander; Arlen Granneman, adjutant; Roy Stubbendick, treasurer; the Rev. E. C. McFadden, chaplain; Warren Rudeen, sergeant-at-arms, and Don Van Housen, service officer.

The promoters of the parking amendment state "it will not increase your taxes." This is not true. If $900,000 worth of commercial property is taken off the tax rolls, it will eliminate an estimated $50,000 of tax money annually. This will have to be made up by the overburdened taxpayer. City owned property is tax free. Let private enterprise do this job and pay the taxes. Sponsored by Comm. for free enterprise.—Pol. Adv.

Uprising Day Is Holiday

BONN, Germany (AP) — The U.S. high commission announced it will observe June 17, anniversary of the 1953 uprising in Communist East Germany, as a holiday.

John Johnson, 14, Gives Fine Piano Recital

By HELEN MARY HAYES
Journal Staff Writer

John Johnson, who at age 14 has been giving piano recitals in Lincoln for three years, displayed his talent and the results of an intensive year of study in New York before an overflow crowd in the Great Hall of First Presbyterian Church Sunday afternoon.

The young son of Prof. and Mrs. Edgar N. Johnson not merely showed the facile technique of a precocious artist, but achieved a deep communication of feeling throughout his demanding program.

He was equally effective in classical, romatic and modern works, rousing particular enthusiasm with his performance of a Mozart concerto in B flat, Virginia Blackman playing the orchestral parts at a second piano.

* * *

A BACH PRELUDE, fugue and suite (the popular "French" one) served to display the youg man's soundness in the classics, and after the concerto he played Schumann and Chopin.

A Debussy "Arabesque" opened the modern group, which included a Kabalevski "Sonatina" and a Khachaturian "Toccata" played in brilliant style.

Twice recalled, he responded with a "Toccata" by Paradies and the last of Samuel Barber's "Excursions," No. 4.

In the audience was a talented young brother, Tim, 9, who studied last winter in New York with one of John's teachers, Mary Kate Parker. John also studied with Mme. Rosina Lhevinne in New York, and was invited to join the master class she will conduct this summer in Los Angeles, which he will do.

* * *

DR. JOHNSON is taking a year's leave from the History Department at the University of Nebraska to work on a forthcoming book and the family will spend the time in New York, where Tim will resume his piano work with Miss Mary Kate Parker.

John is a former pupil of Miss Ruth Dreamer and of Herbert Schmidt.

State Deaths

North Loup

Earl D. Howell, 64, retired farmer. Survivors: wife, Fern; son, Everett of Ericson; daughter, Mrs. Velma Warner of Ord.

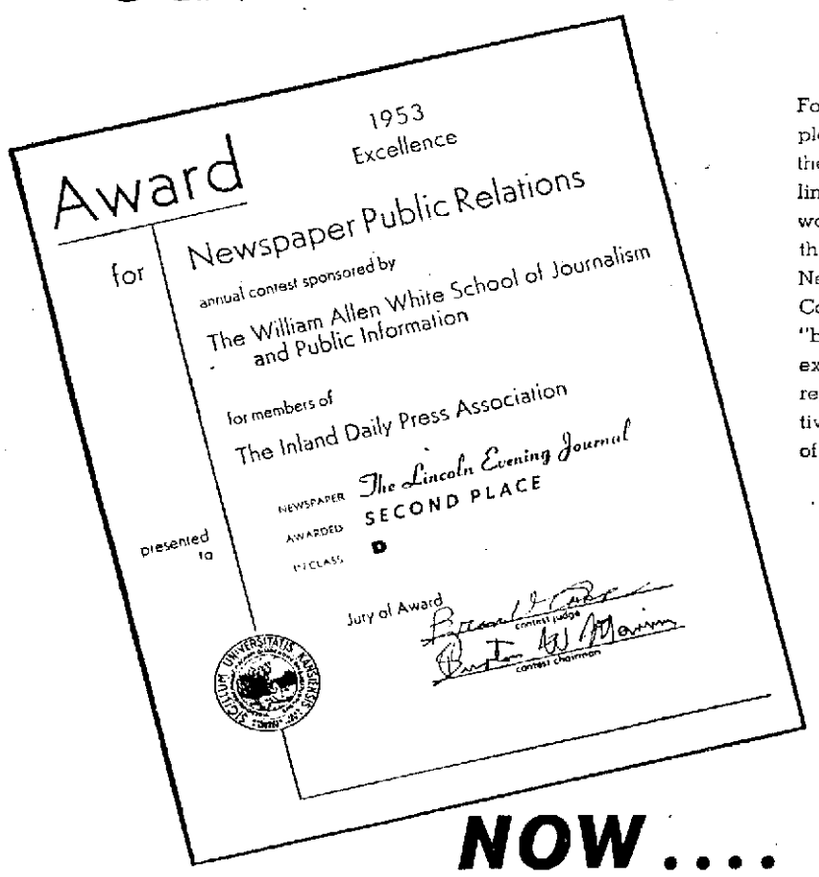
Speaking of

Juvenile Delinquency



For a series of editorials explaining ITS policies regarding the handling of juvenile delinquency, the Lincoln Journal was awarded second place in the Inland Press Association Newspaper Public Relations Contest. The award was for: "bringing its readers a thorough exploration of the subject and reporting pros and cons relative to the publishing of names of juvenile delinquencies."

NOW....

A New Series, Starting Tuesday, June 15th

The Nebraska Courts' Views

On handling Juvenile Delinquency

The views of the state courts of Nebraska on this vital problem are of interest to every parent— and to the public. In keeping with its continuing interest in the handling of juvenile delinquents, the Lincoln Journal has asked the state's courts for views on this important problem. The result is a series of interesting articles starting Tuesday, June 15th.

Young Takes Over Control Of 'Central'

NEW YORK (AP)—Texas financier Robert R. Young formally took over the New York Central Railroad, a $2.6 billion property, climaxing a bitter proxy battle with William White.

White's control of the world's second largest railroad ended in Albany, N. Y., when he—as president to that moment — announced the results of ballots cast by shareholders last May 26. It already has leaked out that Young's forces were favored by more than one million votes.

Young and his new board of directors — 13 men and one woman—met at his offices in the Chrysler Building in midtown Manhattan. After lunch, they planned to march in a body a few blocks north and east to 230 Park Avenue, the main office of New York Central, and resume their meeting in the railroad's board room.

SHERIDAN LUTHERAN HAS DEDICATION—Members gathered Sunday for dedication of their new $31,000 structure at 37th and Sheridan. Designed primarily for an educational unit, the building will be used for Sheridan Lutheran church services until the proposed church is built near the same site. Guest speaker at the afternoon and evening services was Dr. E. G. Fritschel of Denver, president of the American Lutheran Church Central District. Assisting the Rev. E. W. Philippi, pastor of the church, were the Rev. E. J. Beckmann, American Lutheran Church pastor, and the Rev. L. C. Pretty, director of Nebraska Lutheran social service. (Journal Photo.)

Peter Kildebeck's Rites Here Friday

The funeral of Peter Kildebeck, 81, of Hillsboro, Ore., who died there Sunday, will be at 2 p.m. Friday at Wadlows, the Rev. Alvin Petersen officiating. Burial will be in Lincoln Memorial Park.

Surviving are his sons, Dr. J. C. of South Gate, Calif., R. C. of Castro Valley, Calif., Elmo of National City, Calif., and Dr. O. C. of Torrington, Wyn.; daughters, Mrs. William Goldbeck of Hastings, Mrs. Theodore Christiansen of Hillsboro, Ore., and Mrs. V. W. Salveson of Germany.

Arthur C. Martindale, New Market, Ia., Dies

Arthur C. Martindale, 71, of New Market, Ia., died here Sunday.

A farmer, he was a member of the Seventh-Day Adventist Church.

Surviving are his son, Paul; and daughter, Ruth.

Fred Campbell Dies in San Diego

The funeral of Fred Campbell, 48, of San Diego, Calif., formerly of Lincoln, was there Saturday. He was born in Lincoln, and was graduated from Lincoln High School.

Surviving are his wife, Elsie Gross Campbell, formerly of Lincoln; brothers, Don of Los Angeles, Claude of Ottumwa, Ia.; sisters, Goldie Campbell of California and Mrs. Ben Kohout of Lincoln; and mother, Mrs. C. D. Campbell of Lincoln.

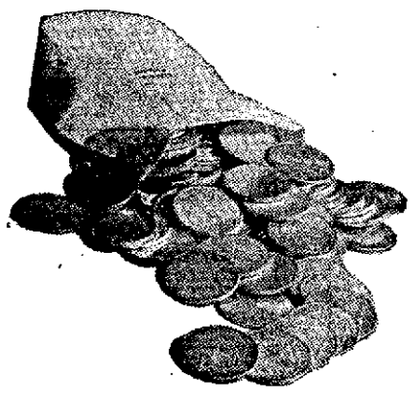
There's a BAD PENNY in this bag!

- Threat of higher taxes
- Possible corruption
- Socialistic natures
- Unfair to Suburban dwellers



- Threat to private enterprise
- Business instead of Government
- Costlier parking
- Unfair to Bus riders and Non-Car owners

You Are Being Asked To Vote on NINE PROPOSITIONS June 15th. Examine Each One Closely and Vote Them Individually

THE BAD PENNY IS PROPOSITION No. 2

"THE OFF STREET PARKING AMENDMENT"

SOME ANSWERS TO YOUR QUESTIONS

Q. What about the parking lot proposal? Has the need for additional parking facilities been proved?
A. No! It has not been proven. There is a shortage of curb parking but there is plenty of off-street parking available at very low rates.

Q. Will the proposed bonds, if issued, increase our taxes?
A. Land condemned by the city is removed from the tax rolls—so you will have to pay more taxes to make up the difference.
If the lots lose money, who bears the loss?
Who makes the bonds good when they are in default? Will it be the already overburdened taxpayer?

Q. Have similar plans been tried in other cities?
A. Yes. Many other cities lose thousands of dollars annually from such plans. Baltimore is currently being rocked with scandal as the graft and corruption involved in the construction and operation of city owned parking facilities are coming to light. The grand jury has found over ½ million dollars that has gone astray.

In effect the City is asking for unlimited power to condemn land and a blank check up to $900,000.00, but they have not determined what they want to do with it.

VOTERS SHOULD DEMAND TO SEE THE PLAN BEFORE APPROVING IT.

VOTE No PROPOSITION No. 2.

Editorial Comment and Opinion

Lincoln's City Election

Lincoln citizens will go to the polls Tuesday to express their stand on nine items of city business, generally directed at bringing Lincoln and its home rule charter up to date and in line with present day conditions. These have been reviewed in a Journal series, and are well analyzed in a Government Research Institute summary on this page.

Probably the major matter to be decided is the proposed bond issue of $3.5 million or less, to extend and improve the storm sewer system. This has long needed doing—so long that the approximately $200,000 or thereabouts spent annually to plug up holes here and there add up to approximately what it would cost to amortize the bonds (exact figures depending on the interest at which they are sold).

Some controversy has arisen over the proposal to authorize revenue bonds for acquiring municipal off-street parking space. Such bonds do not involve added taxation, but are paid from the earnings of the project. No citizen who ever goes downtown will dispute the need. The power of eminent domain enables the city to condemn such land as it needs, and municipal ownership assures permanency.

An amendment to cut sharply the interest on assessments for such special improvements as paving, sewers, water mains and the like, would bring city practice more into line with the policy laid down by the 1953 Legislature but not applying to cities of the first class, the Supreme Court has held. As the charter stands, a property owner who doesn't pay his share at once is charged 6 per cent interest, or 9 per cent if delinquent. The city is able to borrow at 1½ to 2 per cent to pay the contractors.

The fourth proposal, under which the city could pay for jobs or purchases up to $1,500 without advertising for bids, recognizes that competitive bidding on all but the smallest items is sound practice. But in a very few years wages, prices and operating expenses have climbed rapidly, so that true economy may be better achieved where bids are not required, as in the purchase of supplies ,and the maintenance cost of utilities.

The other five proposals are remedial, two being strictly business efficiency measures—permitting investment of idle city funds in specified securities; and permitting the council to sell or lease city property on such terms as it deems best, under certain limitations.

No. 6 would change the meeting of a new City Council to the second week after election, so that the mail vote can be counted with the rest. No. 8 proposes to let the Council regulate planting on lots at intersections, and remove any that it considers traffic hazards. No. 9 would permit imprisonment of some persons convicted of violating city ordinances, whereas now only a fine is permissible. It is believed this might deter some repeaters who don't seem to be severely punished by being fined

A MOMENT'S THOUGHT

Isaiah 5: 21

Woe unto them that are wise in their own eyes, and prudent in their own sight!

—Selected by Rev. W. J. Jurgensen, Church of Christ Holiness

From the Drama Dept.

Sir Cedric Hartwicke, who played the General in "Don Juan in Hell" here a few seasons ago (and before that a brilliantly chilling Canon in "Shadow and Substance"), would like an Academy award, he confessed to a New York Herald-Tribune reporter. What he really wants is to make an Academy award speech. Just in case, he made it to the reporter:

"I am happy to receive this award which I so richly deserve and which means more to me because I won it in spite of a bad director, a jealous unco-operative cast, a group of unbelievably lazy technicians, and an unfortunate story which was turned into a tragic script with some of the most ridiculous lines an actor has ever had to say on the screen." Period.

Charles Laughton, who played the Devil in the same Hell, was at about that time cut out of his mother's $70,000 estate because, she mentioned in her will, he was doing all right anyway. (Or, "due to the fact that he has carved out his own career, and not because he is any less dear to me than my other sons.")

Quote With Care!

Let him that thinketh he standeth on somebody else's words take heed lest he slip and hurt himself. A Maryland football coach who grew up to be president of a state university and is now running for the Democratic nomination for governor of the state, cut down a dictum of the redoubtable Hank Mencken for his campaign card, and conscientiously inserted three dots to denote an omission. The Baltimore Sun fell upon it instantly and published the complete sentence, as follows: The thing to do with a man of such talents is not to cuss him for doing his job well; it is much wiser, "so long as hanging him is unlawful," to give him a bigger and better one.

Memories of Guatemala

From the Kansas City Star:

Some ex-GIs can recall Guatemala, dearly. It was a wartime haven, a place where, even in the tropics, a blanket felt good at night. Guatemala City was a friendly capital, colorful and beautiful.

There was the miniature Eiffel tower, a model which stood in the center of the city, and the open air market where Indians sold colorful goods after lengthy bartering sessions with customers.

And the crazy, hilly runway at the airport. Some who were in the air force will remember it well. You dropped out of the mountains and there it was, one end curving upward almost like a Ninth street hill. You came down from the clouds and landed on the runway and your flight ended as if you were on the last dip of a roller coaster.

Air force men stationed throughout Central America, assigned to that area to guard the Panama Canal, looked to Guatemala as a retreat in those years of World War III. It was a place of friendly people with a passion for handshaking, of enchanting open air restaurants, barefooted Indians in bright costumes and of mysterious ruins of ancient civilizations.

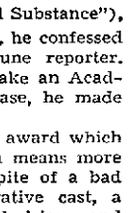
Those former air force men may wonder how Guatemala is today, and what has happened there. Will the wonderful little nation, with all its romance and beauty, pass from freedom? Even now, tourists are not being encouraged to visit there. Does the small Eiffel tower still stand? And is the hilly runway still in use? We wonder if the people are as carefree when they toss pillows at awkward matadors or gather in the park.

Maybe the Red-infiltrated government has changed some of these things. We hope that it has not. Guatemala should be a place to return to. For thousands of American servicemen it was a wonderful part of the war.

Margaret Chase Smith

No Red Label for UNESCO

WASHINGTON, D. C.—During the past three or four years, there have been increasing attempts to pin the label of Communism on UNESCO and on anyone connected with that organization—yes, and even on anyone who has expressed approval of UNESCO. It has become so bad that, if you say that UNESCO has done some good, these rabid critics will call you a Communist.



Smith

Under that perverted way of thinking and irresponsible yelling, these critics, in effect, charge that such people as President Eisenhower, the late Sen. Robert A. Taft, Sen. Karl Mundt and Sen. Everett Dirksen are guilty of pro-Communist thinking and acts, because all of these leaders have given clear support to UNESCO.

* * *

Lies of Critics

This illustrates as effectively as anything the falsity of the attacks on UNESCO and the lies told against it in trying to pin the label of communism on it.

If you were to believe the lies of these critics who claim that anyone who supports UNESCO is Communistic, then you would have to believe that Eisenhower, Taft, Mundt and Dirksen were Communistic—even though Eisenhower helped build NATO, the defense against Communists in Europe, even though Senators Mundt and Dirksen are leading members of the McCarthy Investigating Committee that concentrates on exposing Communists—yes, even though Sen. Mundt, when a Congressman, was the acting chairman of the House un-American Activities Committee at the time that it nailed Alger Hiss.

Le us look a little closer at the relationship between these outstanding anti-Communist leaders and UNESCO. Eisenhower has always supported UNESCO, but Sens. Mundt and Taft were ahead of him in active support. Sen. Taft was the author of the original UNESCO legislation in the Senate. Sen. Mundt is regarded as the father of UNESCO in the House—the man who started the UNESCO idea legislatively when he was a member of the House.

* * *

Sabotage From Within

Organizations, like people, are sometimes known by their enemies as well as their friends. UNESCO is no exception. While its friends have been American leaders like Eisenhower, Taft, Mundt and Dirksen, its enemies have included Russia, Poland, Hungary and Czechoslovakia. Until recently, Russia has boycotted UNESCO and refused to join it. Recently, Russia did join, but their purpose has been exposed. They joined to sabotage UNESCO from within. They found that it was doing too effective a job against Communism for their comfort, and so they have decided to try to destroy UNESCO.

On Dec. 6, 1952, Communist Poland quit UNESCO, saying that it was "an instrument of American imperialistic propaganda." On Jan. 3, 1953, Communist Hungary quit UNESCO, saying, "UNESCO has . . . become an instrument of the U.S. Government in the cold war against the Soviet Union and the People's Democracies. It has become the medium through which the United States disseminates numerous pamphlets glorifying the American way of life while carrying anti-Soviet and anti-people's democracy slander and lies in the rudest possible manner." On Jan. 29, 1953, Communist Czechoslovakia quit UNESCO, charging that it was the willing instrument of the United States.

Yes, by their enemies ye shall know them—and the Communists are the bitterest enemies that UNESCO has. Don't let the demagogues tell you otherwise. Take the word of such anti-Communist leaders as Eisenhower, Taft, Mundt and Dirksen against the lies of those who would destroy UNESCO

Vacation Notes

Wichita Eagle: Wear a bright red bathing suit when diving into strange places so your body may be found easily.

Kansas City Starbeams: There never blooms so red the nose as where the uncut ragweed grows.

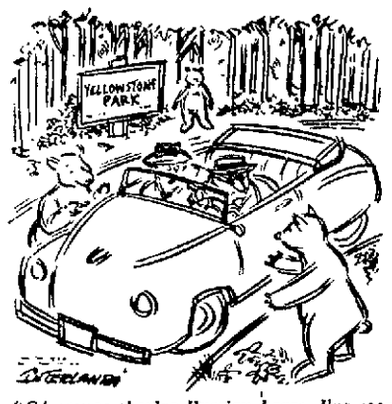
Wall Street Journal: A "family type" helicopter, with only two control units and a device which insures gradual descent to the earth in case the engine fails, will be offered by a New Jersey firm next month. J. T. Dooley, president of the company making the 'copter, said it weighs 1,150 pounds, can carry two passengers, and will cruise at 90 miles an hour for 300 miles on 22 gallons of gas. The price? About equal to that of an expensive auto, he said.

Charles City, Ia., Press: Americans undoubtedly would live longer if they didn't rush around so much on their so-called vacations.

Kansas City Times: Automobile designers are still working toward a completely silent motor car, but as long as there are back seat drivers it doesn't look too promising.

Bill Vaughan, Kansas City Star: The winner of the 500-mile race at Indianapolis says he just put the accelerator down on the floorboard and kept going. Which is a good way to win at the speedway and lose on U.S. 40.

The Cynic's Corner



"Of course they're Russian bears. I've seen them many times in political cartoons with big hammer-and-sickles painted on them . . ."

MORE OR LESS PERSONAL
— A Chat with the EDITOR —

One of the important western hemisphere developments of recent weeks, along with the consolidation of the Communist grip on Guatemala and suspension of civil liberties there, has been a quiet but nevertheless pronounced shift in Mexico's attitude toward the United States.

* * *

A friendly but firm U.S. foreign policy, represented in Mexico City by an American ambassador, Francis White, who knows how to talk straightforwardly to the point with top Mexican officials, is paying off in improved relations with our neighbor to the south at a time when inter-American solidarity against Communism is the most needed. Tangible evidence of the shift was offered a few days ago when the Mexican foreign minister announced that his government would go along with the "general sentiment" among the American republics for a hemispheric study of the Red situation in Guatemala. This announcement cleared the way for the moves in Washington aimed at an early inter-American conference to explore united action on Guatemala, since Mexico had been one of Guatemala's staunchest American defenders, and a chief critic of U.S. efforts to resist the spread of Communism in this hemisphere.

Good Neighbors

* * *

It was only in February, at the inter-American conference in Caracas, that Mexico along with Argentina abstained from support of the U.S.-sponsored resolution condemning Red infiltration in the Americas (Guatemala voted against it).

* * *

Since that time, however, and presumably with the U.S. ambassador prodding things along, Mexico's President Ruis Cortines has embarked on a little-publicized campaign to overcome the idea that his administration is "anti-Yankee."

The president has removed one of his key advisers who had been a strong supporter of the Communist cause, and sent him off on a prolonged "study" mission. He has called the shots for a changed policy on the problem of Communism in Guatemala. Troublesome obstacles in connection with the granting of visas for entry of technicians and investors into the United States are being eased. And in a speech last week to Mexican newspaper publishers and editors, the president emphasized the need for "continental solidarity" as one of the basic ideals of the Mexican way of life.

* * *

This last is of particular importance, since the badly deteriorated U.S.-Mexican relations had been reflected in a fairly steady diet of anti-Yankee sentiment in the Mexican newspapers.

* * *

The president's speech was probably the government's way of signaling the new pro-American line to a press which while technically not government-controlled is generally thought to be highly responsive to the wishes of the administration in power. The anti-U.S. tone of the Mexican press had been taken by knowledgeable Americans to mean more than it would otherwise.

* * *

Added all together, these developments spell good news, for we badly need a good neighbor on our southern border, considering the bad neighbor to its south.

—RAYMOND A. McCONNELL JR.

The Crucial Evidence

Hi Phillips: In excavations around the Pyramids a funeral boat of Cheops has been found in good condition after thousands of years . . . The story will not be accepted in this corner as complete until it bears they have found his yacht club, his commodore's cap, and dug up a bowl of chowder proving that then, as in 1954, the claims in yacht club chowder are indestructible.

Letters will be published over a pen name or initials only if accompanied by the writer's name and address for the editor's information—but use of pen name is not permitted on letters critical of individuals. The shorter letter is the more likely to be printed. The editor reserves the right to edit all letters as to length.

Misrepresentation

LINCOLN—The political "ad" entitled "Message to Overburdened Taxpayer" placed in the daily papers by "The Committee for Free Enterprise" is cleverly designed to mislead taxpayers into voting against charter amendment No. 2 authorizing the mayor and council to establish one or more "muny" parking lots.

Wht are the real facts?

First, the authority is granted merely permissive, not mandatory. The mayor and council are not obligated to provide for any parking lots. But they are given the power to do so when convinced the best welfare of the city and its people demand such action.

Second, no taxpayer will have to pay a red cent in taxes toward the cost of any parking lot so authorized. Any statement or suggestion, expressed or implied, that proposition No. 3 will add one penny to any taxpayer's burden is outrageously wrong.

Third, necessary funds would be provided by revenue bonds secured only by parking lot property and revenes. The bonds, principal and interest, must be retired solely out of parking revenue receiots from users and not all ou' of property taxes or other funds.

Parking facilities near the heart of the city are "affected with a public interest" akin to that of public utilities. They should be considered from a long range viewpoint. It is vitally important that reasonably adequate downtown parking facilities be permanent. This can be guaranteed only by municipal ownership. Such ownership should be acquired while parking areas are readily available, and before the growth of the business district makes the cost prohibitive. This, in my opinidon, is the strongest argument for reasonable "muny" parking facilities to supplement street parking.

Private parking lots are owned and operated for profit with little or no consideration for present or future general public welfare. As fast as expansion of the business district makes it more profitable they will be sold for business sites regardless of parking needs. Already this trend is beginning in Lincoln. The building of the auditorium will eliminate parking for some 325 cars and trucks. And the recent purchase of the southeast corner of 15th and Q Streets for a Security Mutual Life Insurance building will soon do away with parking for some 125 more cars.

King Fights Red Attack In Cambodia

By KEYES BEECH
Lincoln Journal-Chicago Daily News Foreign Service

PHNOM PENH, Cambodia—King Norodom Sihanouk Varma, 32-year-old music loving ruler of the tiny kingdom of Cambodia, is getting ready for a world "pilgrimage" which he hopes will save his country from Communist aggression.

Beech

With military pressure from the Communist-led Viet-Minh daily growing more serious, King Sihanouk wants to separate his kingdom from the rest of Indo-China war by establishing a clear-cut case of Red aggression.

To do this he has appealed to the United Nations to send observers to his country to prove two points:

1. That his country is actually as independent of French rule as the Philippines are of the United States. Therefore, the Communists cannot claim, as they do in the case of Viet-Nam, that they are fighting to overthrow French colonial rule.

2. That the people genuinely support his government and prefer it to anything the Reds have to offer.

* * *

HOWEVER, since Cambodia isn't a member of the United Nations and doesn't carry much weight in international affairs, the U.N. has taken no action on this plea.

Therefore, the king will take his case to the neutral countries of Southeast Asia—among them Burma and India—and of Europe—Sweden and Switzerland.

"I cannot just sit around waiting for the Geneva conference or the United Nations to solve our problem," said the plump, roly-poly king. "If I do I won't have any country left."

* * *

SIHANOUK, who likes Cadillacs and concubines—he isn't married but acknowledges 10 or more children—received two correspondents in the royal splendor of his 92-year-old palace.

His clothes—a white sharkskin suit with dark blue tie, blue socks and black shoes—contrasted oddly with his ancient surroundings and customs.

"We are a little country of only 4 million people," he said. "We fight to defend ourselves against the Viet-Minh which has at its disposal a much greater military potential.

"Obviously this cannot go on much longer."

* * *

A WORKING king who seems genuinely interested in the welfare of his people, Sihanouk personally took command of his army and rallied his people when the Viet-Minh invaded his country in April.

This was something of a triumph since the Cambodian army is staffed with French officers and advisers.

Tuesday's City Election

Questions and Answers About the 9 Proposed Charter Amendments

The following analysis was prepared by the Government Research Institute:

Voters of Lincoln will vote at a special election June 15, on nine charter amendments.

They are proposed by the Mayor and City Council.

* * *

Special Election

Question: Why a special election instead of say the August primary or the November general election?

Answer: First, the primary election in August will be a complicated affair, a large number of candidates on both tickets for national, state and local offices including lists of delegates to conventions; non-political tickets for judges, school offices, and members of the legislature.

The November election will be still more complex, for the voter must then choose between candidates nominated at the primaries and also pass upon 8 or 10 measures proposed by the legislature or by the initiative process.

Second, Time is an element in the choice of date for the election. If bonds should be authorized, financial provisions should be made in the city budget formed in August.

* * *

General Obligation Bonds For Storm Sewers

1 The first proposal on the ballot is: "To authorize the issuance of bonds in an amount not to exceed $3,500,000" for construction, extending or improving the storm sewer system of the city.

Question: Why is this proposed?

Answer: The city has been falling behind at an increasing rate for a number of years in the matter of storm sewers for surface drainage.

For ten years, 1940 to 1950, little or no money was spent for this purpose in Lincoln. Since then, great expansion of residential areas and the building of new homes have taken place.

Construction of new buildings means more roofs, sidewalks, paving, and driveways. These prevent the rainfall from penetrating the ground and increase the amount of run-off water.

While the contemplated improvements are widely scattered over the city it is also true that every taxpayer's property is indirectly benefited. Drainage is vital to public health.

City officials estimate that if they were permitted to issue bonds up to $3½ million they could get better bids by offering large contracts, "catch up" with the long delayed, increasing "back-log" of surface drainage, and provide for new construction immediately in prospect.

The full amount of bonds might not be issued at once, but as fast as the work can be completed. It is estimated that the completion of the program will take from two to three years.

We are now raising by taxation $200,000 a year for storm sewers. If $3½ million in bonds were issued and sold at say 1½% interest the amount to amortize them in twenty years would be $203,860 each year; 1¾% bonds would require $208,919 yearly; 2%, $214,048.

Thus to get the money and make our storm sewer system adequate now and for some years to come, will not cost appreciably more in annual taxes than what we are now paying.

* * *

Revenue Bonds For Off-Street Parking

2 The second amendment proposed on the ballot is intended:

To permit the issuance of Revenue bonds for the purpose of acquiring and maintaining off-street parking lots.

(Revenue bonds do not call for taxation, but are paid out of earnings of a project.)

Question: What are some points of nation-wide agreement as to off-street parking?

Answer:

1. Off-street parking is essential. It has been conclusively proven that "curb parking" whether regulated or unregulated, will not take care of a city's automobile traffic.

2. It is the city's legal and moral duty to see that off-street parking in the business district is provided. The function is tied up with the use of the streets.

The city alone has the power of **"eminent domain,"** the power to acquire by condemnation suitable private land for off-street parking. Private individuals do not have such power.

The trend seems to be toward municipally owned off-street parking lots.

Sixty-two per cent of the 892 cities of more than 10,000 population reporting last year, owned 1,747 off-street parking lots, an average of three lots per city.

The largest gain percentage-wise (39% last year) was in cities having a population of 100,000 to 250,000.

3. Down-town parking sites should be relatively permanent. Private enterprise often guarantees this sort of permanence when it builds substantial, expensive structures in given areas.

Otherwise when down-town locations become more valuable for some other purpose they will no longer be used for parking. A city may then be forced either to go without adequate down-town space or acquire it at exhorbitant cost.

4. Off-street parking should be financed by other means than general taxation. In this way payments will bear a direct relation to benefits received. Under the proposed amendment net receipts from parking will pay for the **revenue bonds.**

This rules out the possibility of free parking at the taxpayer's expense.

5. Ample opportunity should be left for the exercise of private enterprise in the parking business. This can be partially secured by long-term leases by a city to private operators.

The proposed charter amendment permits this. It does not necessarily mean that the city shall go into the parking business. However, when property for parking is acquired by a city it is automatically taken off the tax rolls. The operator, whether the city itself or the one to whom the property is leased, pays no tax such as is paid by private parties engaged in similar business.

In order to furnish an equitable basis of compensation, the city-owned or operated enterprise may pay into the city treasury an annual sum in lieu of taxes. Such an arrangement with respect to the City Light Plant was made by a charter amendment in 1943. The proposed off-street parking amendment does not contain such a provision.

6. As for the City of Lincoln, parking meter money from street parking will not be used for off-street installations. This cannot legally be done according to a ruling of the City Legal Department.

7. Off-street parking for University Place, College View, and Havelock can be provided for under the proposed amendment. It is not for Downtown Lincoln only.

* * *

Interest Rates On Special Assessments

3 The third proposed amendment permits a change in interest rates on assessments for special improvements such as paving, sewers, water mains, etc.

Under the present charter provision, when the property owner does not pay for his share of one of these improvements at once, the interest rate on the installments is 6 per cent. If the installments are not paid when they are due, they draw (partly as a penalty) 9 per cent.

Question: Why is any change suggested?

Answer: When special improvements are completed the city issues bonds to settle with the contractors. The city can borrow money for say 1½ per cent or 2 per cent.

Some have felt that it was not just to charge property owners 6 per cent or more when the city finances the transaction at 1½ per cent or 2 per cent. This sentiment was shared by the 1953 Legislature when it fixed interest rates on installments for improvements at 4 per cent and penalty interest at 6 per cent for cities of first class, second class and villages.

While this act would not apply to Lincoln, it may be said to set a pattern.

(The Supreme Court recently held it did not apply to Grand Island, a city of the first class under a home rule charter.)

* * *

City Purchases and Contracts Under $1,500

4 The fourth proposal on the ballot would authorize expenditure involving less than $1,500, by the council, without advertising for bids.

Question: Since the Council now must advertise for competitive bids on contracts or purchases over $500. why allow them to make such transactions involving up to $1,500?

Answer: The principle requiring public notice and competitive bidding on all but minor transactions is sound and of very long standing.

The question arises: If the $500 limit was suitable many years ago, is it comparable to the same limitation today? Have prices risen so that the original figure is outmoded?

The amendment would authorize by unanimous vote the purchase of supplies, or expenditure of funds for the operation of maintenance of any utility operated by the city (such as water, light, etc.) without estimate or advertising for bids.

* * *

Corrective or Remedial Amendments

Question: Are the remaining proposed amendments (5 and 9 inclusive) mostly of a non-controversial, corrective nature?

5 Amendment 5 would permit the city to invest and reinvest idle city funds not immediately needed, in U.S. bonds, City of Lincoln bonds, or Lincoln School bonds.

The finance department of Lincoln has had a fine record for getting interest on idle funds such as accumulated for amortization of bonds, etc. The amendment would extend the power to include investment of accumulations of current receipts from taxes. It has been estimated that $5,000 income to the city would have been received if this provision had been in the charter this year.

6 Amendment 6 merely defers the first meeting date of a new council to the second Monday after the election in order to give time for the Election Commissioner to certify election returns. The date is now the first Monday, too early to include ballots voted by mail.

7 Amendment 7 would allow the Council to sell or lease city property, real or personal, on such terms as deemed to be in the best interest of the city, if such property is under $10,000 in value, or if the city is selling property at a tax sale for unpaid general or special taxes.

The disposal of city property worth more than $10,000 would require the consent of a majority of the city voters at a general or special election.

8 Amendment 8 would give the Council power to regulate the planting or maintaining of trees and shrubbery upon lots adjacent to street intersections, which may result in hazards of public safety. The city would have power to order removal of or to remove such obstructions and assess the cost against the properties concerned.

9 Proposed Amendment 9 would authorize imprisonment of those convicted of violations of city ordinances, as well as the imposition of fines.

At the present time violations of city ordinances call for fines only. Imprisonment can occur only if fines are not paid.

It is believed that imprisonment might be more effective than repeated fines in the case of some law violators. It is also recognized that all fines and imprisonments must be in harmony with the principles of justice and with the State law.

Leaseholders Meet About School Land

Five Counties Represented; Agree Rentals Should Be Cut

KIMBALL (AP) — An estimated 175 school land leaseholders from five counties agreed almost unanimously that state rentals should be cut from 6 to 3 per cent of appraised valuations annually.

They also indicated that more competent appraisals — particularly on grazing land and low grade farming land—are needed.

Gov. Robert Crosby, who met with the group, said that past events have "not been just to school land leaseholders."

He also declared that he felt the state Legislature was anxious to make "reasonable changes" to alleviate the situation.

Lessees came from Kimball, Cheyenne, Banner, Morrill and Deuel Counties.

IN A STANDING vote at the end of a two-hour discussion period, almost all of them endorsed a proposal that present appraisal policies—with individual inequalities ironed out—be continued and that the rental rate be cut to 3 per cent. That decision was made assuming that the state was to keep the school lands.

About one-third of the crowd stood when asked if they would favor selling the school lands outright.

There was some support for a proposal that appraisals rather than rental rates be cut and a small group also suggested that a shore crop rental system be worked out for wheat land.

Crosby conceded that the system of auctioning leases as they expire and recent increases in valuations have worked many hardships.

"There is no way that the Board of Educational Lands and Funds can right those wrongs," he said.

THE BOARD, with Crosby as chairman, administers the leasing program and is charged with responsibility for appraising the lands.

"This is a darned embarrassing problem," Crosby said, grinning, "and don't think for a minute that we board members haven't tried every way we can to solve it."

Supreme Court decision is that all leases must be auctioned to the high bidder as they expire and state law requires that the lands be assessed at current market price and that the rental rate be 6 per cent of that valuation.

"The solution must come by action of the Legislature," Crosby said.

Medical Grant Is Made to NU Researcher

The University of Nebraska College of Medicine has received transfer of the Markle Foundation Grant of Dr. Robert L. Grissom, associate professor and assistant chairman of their Department of Internal Medicine.

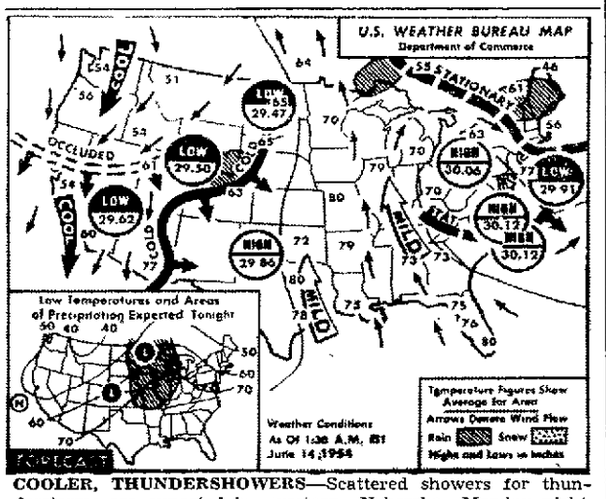
The $30,000 grant, covering a five-year period, is awarded each year to not more than 20 scholars of medical science. This is the first time the grant has been awarded in this area. One hundred eleven faculty members from 55 schools have received the award since it was established in 1949.

The purpose of the John and Mary R. Markle Foundation Grant is to improve medical research and education by assisting some of the promising young teachers and investigators in support of their laboratories and teaching program, travel and other study expenses.

Scholars are selected on competence and promise, evidence of an environment for a well-rounded professional development, leadership and scholarship. They must be full-time members of a medical school staff and have completed a fellowship training in a related science field.

Dr Grissom was awarded the grant at the University of Illinois College of Medicine in 1950. He has been at the University of Nebraska College of Medicine since last November. His research interests include cardiovascular and pulmonary disease, cardiac catheterization and radioisotopes.

ABANDONED—This once-productive irrigated farm was abandoned after sandy soil had blown too badly. Sweet clover growing in foreground is part of efforts being made to reclaim the land. The farm is north of Henry, three miles from the Wyoming border. (Journal Staff Photo.)



COOLER, THUNDERSHOWERS—Scattered showers for thunderstorms are expected in western Nebraska Monday night, spreading over southeastern Nebraska Tuesday. Tuesday will be cooler. Elsewhere, scattered showers are predicted also for the western Great Lakes area, middle Mississippi Valley and the eastern plains. (AP Wirephoto Map.)

Wind and Sand Present Problem Studied in North Platte Valley

By JACK HART
Journal Farm Writer

MORRILL—"We have wind and we have sand. If nothing is done about it the sand will blow."

With this thought, C. O. Wimberley of Scottsbluff, district specialist with the State Extension Service, has set out to rehabilitate blown-out land in the North Platte Valley. Sandy, irrigated land along the northern edge of the valley has long been vulnerable to wind erosion. The big blows of last winter and spring put the finishing touches on much of it.

Several thousand acres have been taken out of production this year, Wimberley says. To answer questions on how this land can be restored, the University of Nebraska has set up two development farms in the valley—one northwest of Morrill, the other north of Bayard.

* * *

UNDER the arrangement, Wimberly will have charge of the farms.

"We don't have any new methods to use," Wimberley points out. "We just want to put to use the practices that we know about and that can be applied to other farms in the area."

The plan for reclaiming the land will include a rotation of alfalfa, corn and grass, windbreaks, leaving cover on the land, using fertilizer and good seed and irrigating properly, Wimberley says.

The Morrill farm contains 190 acres, 110 in Scotts Bluff County, 80 acres across the road in Sioux County. It is owned by Dr. E. V. Wiedman of Lincoln and farmed by Victor Hill of Morrill.

* * *

PART OF the farm has been strip cropped with oats and sudan grass. The other is being put to corn and sudan. Organic matter plowed into the ground from corn stalks will do much to stabilize the soil, Wimberly says.

Another problem in the area is that farm units are too small to provide a good living, he explains. The studies are directed also at determining the advisability of a farmer's buying run-down land at a low price and building it up inexpensively as a way of enlarging his operations.

* * *

AT THE BAYARD farm, answers will be sought also to the question: can a farmer make a good living with a dairy on 80 acres of irrigated land? Martin Todd, who owns the farm, has a dairy herd. Plans are to improve the herd, the land and the production methods.

"This farm isn't out of production yet," Wimberley notes. "But it would be in another five years."

Wimberley concedes that it will take five or 10 years to complete the rejuvenation of the land.

* * *

ONE FACTOR contributing to wind erosion in the area, he explains, is the intermingling of soils of different types. As a result, one farmer can leave his land open without ill effects but his neighbor's farm blows away if he follows the same practice.

Even though the soil in the damaged areas is extremely sandy, it has enough clay in it to enable it to remain in place if farmed properly, Wimberly says. The extension specialist sums up the situation this way:

"The North Platte Valley is a beautiful, productive place. But mixed in it is an area that has problems which cause land to go out of production. The biggest problem is the wind blowing the soil out of place."

Your life insurance funds have helped finance thousands of miles of pipe line . . . bringing a useful service to you

America's thrift sparks America's record growth

THROUGH your thrift and foresight, you, as a life insurance policyholder, have helped bring about the most amazing period of material growth in American history!

Life insurance funds—in addition to providing family protection—are playing an important part in our great expansion.

Here's how life insurance money—the individual accumulations of thrifty people—is helping America grow.

It is helping finance the factories, research facilities, machinery and equipment which produce most of the things you use.

Among these are the natural gas lines which bring the gas into your kitchen . . . the power plant which supplies your electricity . . . the mile upon mile of superhighways on which you drive . . . the planes in which you fly . . . the railroad trains on which you ride.

This life insurance money also provides funds for new homes . . . housing developments . . . new schools . . . new stores . . . and other new buildings.

All told, America's 90 million policyholders are adding $5,000,000,000 to the funds behind their life insurance each year. Until these funds are returned to them, or to their families, as benefits, this money is put to work in almost every phase of our economy.

* * *

So you see, your life insurance dollars benefit you in two ways: (1) they provide for the financial security of you and your family, (2) they help provide the capital needed to make America a better place to live in.

More critical than any customer!

Trained to detect even the slightest deviation in flavor, these members of the Roberts Taste Clinic are hard to please.

Each afternoon, they sample a bottle or carton of every Roberts dairy product produced that day. If it fails to pass this final taste-test, that product never reaches the public. There's no compromise with quality at Roberts Dairy!

To our knowledge, no other midwest dairy goes to the effort or expense of sampling each finished product. That's one reason no other milk tastes quite so good as Roberts!

Wedding Vows Exchanged

Mrs. Stephen Merle Ruth

RISING CITY — Miss Eunice Ione Sanley, daughter of Mr. and Mrs. Thomas J. Sanley, became the bride of Stephen Merle Ruth, son of Mr. and Mrs. Wayne Ruth, at 7 p.m. Sunday in the First Methodist Church here.

For her wedding, the bride wore a gown of imported rosepoint lace designed with a snug bodice and portrait neckline. Her fingertip veil of illusion fell from a Juliet cap outlined with seed pearls and she carried a cluster bouquet of white roses and lilies of the valley with white satin streamers.

Miss Jane Sanley attended her sister as maid of honor, and Miss Joyce Ruth and Miss Helen Braun were bridesmaids. Lighting the candles were Nancy Sanley and Mrs. Ralph Ebers.

Rodney Link of Ravenna served as best man and Norbert Rathje and Gene White were the bridegroom's attendants. Ushers were Bob Fadschild and Dick Ruth.

A reception followed in the church parlors.

Mrs. Ruth attended Concordia Teachers College in Seward, and Mr. Ruth attended the University of Nebraska.

Mrs. William Fahleson

WAVERLY—The Methodist Church was the setting for the 6 p.m. wedding Sunday of Miss Lois Charlene Tyrrell, daughter of Mr. and Mrs. Charles R. Tyrrell, and William Howard Fahleson, son of Mr. and Mrs. Herman Fahleson.

The bride was gowned in a waltz-length gown of imported Chantilly lace and nylon tulle over slipper satin styled with a lace jacket and small Peter Pan collar. Her double veil of imported illusion fell from a tiara of seed pearls and she carried a white Bible centered with a white orchid and stephanotis.

Mrs. Wayne Johnson attended her sister as matron of honor, and bridesmaids were Mrs. Ferd Loder of Evanston, Ill., and Miss Gwen Malone. Lighting the candles were Marilyn and Rosilyn Fahleson, and flower girls were Cheryl Johnson and Judy Johnson. Lonnie Johnson carried the rings.

Kenneth Stickney was best man while Roger Tyrrell and Richard Tyrrell were ushers.

Mrs. Fahleson is a graduate of Nebraska Wesleyan and is a past president of Phi Mu.

U.S., Britain Expected To Draw Line in Asia

By W H STONEMAN
Lincoln Journal-Chicago Daily News Foreign Service

GENEVA Switzerland—Speculation in Geneva now centers on where Washington and London will decide to draw the line in Southeast Asia after the collapse of the Far Eastern conference here

Stoneman

Barring a miracle most Western diplomats expect this collapse to become formal and official within the next week

While the main conference is expected to adjourn, it is still probable that certain expert committees will remain in session in deference to public opinion in France and Britain and in order to counter Communist charges that the West has sabotaged the conference

One of these committees is the French-Viet-Minh military commission which has been charged with defining concentration areas in Viet-Nam to which troops of the two sides would be withdrawn in case of an armistice

* * *

THE COMMITTEE may, in fact, turn out to be the instrument by which the Communists will attempt to wring from France the concessions which Foreign Minister Georges Bidault has been unwilling to give them in the main conference

If France suddenly finds itself face to face with the Communists in this committee, following adjournment or recess of the main conference, and if the powers have not managed to create a backstop agreement in the meantime, then France may have to submit to an agreement which the United tSates might regard as equivalent to surrender

Bums, Giants Win While Indians Hold Bulge

By JOE REICHLER
AP Sports Writer

Imagine where the St Louis Cardinals would be today without The Man and The Kitten

The Man, of course is Stan Musial the greatest hitter in the National League The Kitten is Harvey Haddix the best pitcher in the senior circuit

Stan (The Man) and Harvey (The Kitten) combined their talents Sunday to give the Cardinals their first double-header victory of the season Haddix hurled his second straight shutout and his 10th victory as the Cards defeated Pittsburg 5-0 in the first game Musial, who drove in two runs in the opener with a pair of singles snapped a 3-3 tie in the second game with his 21st home run The Cards went on to win 5 3

The double victory moved the Cardinals into fifth place but they still trail the league leaders by 6½ games The Brooklyn Dodgers and New York Giants, tied for first place swept their double-headers

Scoring all their runs in the seventh inning the Dodgers overcame a 4 0 deficit to edge out Cincinnati 6 5 in the opener and came back to run over the Redlegs 14 2 in the nightcap The Giants thrashed the Cubs 9-3 and 9-4 breaking through for six runs in the 11th to snap a 3 3 tie in the first game

The twin triumphs enabled the Dodgers and Giants to open up a 4½-game bulge on their nearest pursuers—Milwaukee and Philadelphia The Braves tied the Phils for third place defeating them 9 5 for Warren Spahn s seventh victory

Cleveland used the lowly Boston Red Sox to boost its American League lead to 1½ games over the Chicago White Sox and 3½ over the New York Yankees The Indians 4 1 and 9 1 triumphs ran their latest victory string to four in a row

After dropping their sixth straight decision to the Yankees 4 2 in the opener of a double header the White Sox bounced back and thrashed the world champions 8 0 Virgil Trucks turned in his ninth triumph in the nightcap

The Philadelphia Athletics who had been fighting among themselves, decided to carry some of it to the opposition and as a result captured two come from behind victories from the Detroit Tigers 4-3 and 6-4 The double win moved the Athletics out of the cellar only half a game behind the sixth place Baltimore Orioles

Bob Porterfield shut out Baltimore 4 0 after the Orioles had clubbed five Washington pitchers for 14 hits to take the opener 6 4

Pinch hitter George Shuba s home run with two men on base and Gil Hodges three run homer accounted for all Brooklyn's runs after rookie Corky Valentine had held them scoreless through six innings of the opener The Dodgers unleashed a 17 hit attack in the finale with Junior Gilliam and Pee Wee Reese collecting four apiece

Davey Williams and Don Mueller paced the Giants' 27 hit attack against six Chicago hurlers Williams batted in six runs in the double header and Mueller amassed six hits and scored five times

Early Wynn won his seventh and Mike Garcia his eighth in Cleveland s sweep Outfielder Wally Westlake homered in each game for the victors

A three run homer by Gene Woodling in the sixth enabled the Yankees' Ed Lopat to register his seventh triumph of the year The White Sox pounced on starter Harry Byrd for four runs in the first inning of the nightcap

LINCOLN 1, NEB MONDAY, JUNE 14 1954—P M

Majors Swap Market Stirs

By United Press

Players on four major league clubs swapped uniforms Monday in a last-minute flurry of bargaining on the eve of baseball s trading deadline

The Detroit Tigers traded veteran infielder Johnny Pesky to the Washington Senators for utility infielder Mel Hoderlein and an estimated $20,000 in cash The Pittsburgh Pirates traded outfielder Hal Rice to the Chicago Cubs for outfielder Luis Marquez and an undisclosed bundle of cash

The trading deadline arrives at midnight June 15

Lofted Club Best for Chip Shots

By BEN HOGAN

When the ball is 20 yards or less from the green I play a chip shot The chief difference between this and a pitch shot is that a pitch shot calls for a moderate amount of body movement a chip requires no movement of the body worth mentioning

Never take more than a four iron to make a chip shot The 1, 2 or 3 irons are just not practical because they haven't enough loft The chip shot must be hit so easily that it is impossible to get the ball up off the the ground with any flight at all with one of the lesser lofted clubs I very seldom take less loft than a six iron for this shot for one of the most common errors is selecting a club with not enough loft

In addressing the chip shot keep the ball very close to your feet the stance opened considerably as illustrated in 31A above My feet are close together with the left toe pointed out The knees are flexed while the hips are facing the hole about a quarter turn Bend over only with the neck the back fairly straight

Starting at address the hands should be well forward and should be kept in front of the clubhead during the swing Take the club back with the hands only as in B above The right elbow rests on the right hip to insure the arms hands and club a pivotal point If you set up this pivotal point correctly you reduce the margin of error and your club will return to the place from which you addressed the ball

By DICK BECKER
Journal Sports Writer

What is wrong with the Chiefs?

That probably is the main question around Lincoln today

Well there are several theories but none of them good enough to salve the sting of defeats, the lastest of which was a 6-3 loss to Omaha in 14 innings Sunday

Looking at it objectively here are some of the more obvious troubles

The Chiefs have failed to come up with any pitching help for the veterans of last year's club

There is no big gun in the lineup to drive in the runs

The club was running over its head in luck and victories early in the season when a weak bench was not noticeable

Other clubs in the league have strengthened far past the help gained by Lincoln

When Omaha beat Andy Bush over the long haul Sunday to ruin Andy s bid for his tenth straight victory and a modern Western League record it ended Lincoln hopes for a revival at home The Chiefs now take to the road

* * *

THE CHIEFS have managed just seven wins in their last 22 games They have slipped to fourth place six games back of first place Denver

Those seven victories were chalked up by Bush (4), Norm Brown (2) and Roger Wright (1). None of the new men was able to win.

With five games coming up in three days starting Monday at Denver it is not pessimistic to see nothing but trouble ahead

In a move to try and aid the mound staff General Manager Bill Herring has recalled Bob Mathieson from Iola Kan Mathieson was another member of the 1953 staff

Herb Grissom was placed on the disabled list to make room for Mathieson Grissom did not make the trip west Mathieson will join the team in Denver

* * *

BUSH PITCHED another magnificent game Sunday but he ran out of steam in the 14th inning when the Cards got five runs to break up a 1 1 tie

Whitey Ries' 3 run homer capped the uprising

Lincoln fought back gamely, but in vain with two runs in the last of the 14th on singles by Ted Laguna Billy Smith and Walt Linden and a double by Tom Neill

Andy Anderson s drive to left came within a few feet of tying up the ball game But Bill Hopkins got back to drag it down

Omaha had scored in the first on two hits and sacrifice fly and the Chiefs retaliated with a run on doubles by Linden and Neill

From then on it was a great pitching duel between Bush and Omaha s Ron Kump

Both teams had several opportunities to score all to no avail, after that

* * *

BY WINNING Omaha made it four in a row for the series and dropped the Chiefs well back of the Western League pack

The Cards took over second, half a game ahead of Des Moines and a game in front of Lincoln

Lincoln does not return home until June 23 when Des Moines comes to town The road trip will hit Denver, Pueblo and Wichita

CLUBHOUSE CHATTER — The Chiefs had more trouble with umpires **Sanders** and **Harding** Sunday with a couple of calls by Sanders on the bases causing plenty of beefs by the Chiefs **Red McQuillen**, although in a miserable slump at the plate handled 10 chances in right field several of them plenty tough **Mel Rue** was errorless in handling 12 chances at shortstop in his first game for Lincoln **Omaha** got hit in the 14th inning when **Ferrell Anderson s** double play ball hit **Barnes Elser** between second and third It is scored as a hit for Anderson and an out at shortstop for Rue. **Andy Anderson** pulled a smoothy for Lincoln in the 13th when he stole second base as **Ferrell Anderson** was arguing at the plate on a called ball

I May Be Wrong

By Walt Dobbins
Journal Sports Editor

Sports Editor Walt Dobbins is convalescing at home after his recent illness Today's I May Be Wrong is by John Bentley, Sports News Director of the University of Nebraska

Of all the old familiar places I've been lately this is the oldest and the most familiar

This particular sports column was born in the early 1920 s There had been days not too far preceding when two columns of sports news was considered adequate in The Journal

Then came what to many of us will always be the Golden Age of sports Jack Dempsey was in his prime Bobby Jones was scoring slams all over the place and Babe Ruth pointed to the particular section of the fence over which he was about to park a baseball

I'm not trying to make a case for the early 1920 s because very recently as a guest of Hal J Bowers at Hillcrest Country Club, we rode from shot to shot in an electrically propelled scooter

The old days were all right but this push button era isn't too bad either.

Bentley

Time to Accustom

It took me a long time to accustom myself to night baseball but this business of stepping off the eighteenth green as fresh as you were when you drove off tee No 1 on a hot windy day has its points It wouldn't take long to accustom to that sort of luxury Maybe we have all become more fluid in these days of constant change

These days like the bride s first souffle, may not be good but they're different

What I started out to do before soaring around in the stratosphere of disconnected thoughts was to relate the manner in which this particular column got its name

Nautical Beginning

Fresh from the Navy in War I when I joined The Journal I was still very nautical So this pillar first bore the heading of Taking A Sight It was decorated by Duke Bryant as I recall with a drawing of a sailor looking through a spyglass Hot stuff no No

The Great Navy of Nebraska hadn't been commissioned in those days so this heading had to go

I was casting around for another one day when the late John Cronley came by the desk John was always an encyclopedia for early day baseball in this area

I said 'John I've got to think up something else in the way of a heading for the sports column The brethren in this craft are all so dead certain they're right on all sports issues, how would it be to throw a bit of humility into it?" We even beat Godfrey to the punch on this particular angle

My suggestion to John was that we call it 'I m Probably Wrong '

'Let's not get sickening about it," said John, adding a couple of minutes later

Why not compromise with 'I May Be Wrong'?"

And that s what it has been ever since

Enough of history Now let us move into the very meat of all columns—the controversial touch

What other University of Nebraska football players deserve nomination for Football s Hall of Fame? Ed Weir already is a member

Well throw more names into the ring—Guy Chamberlin George Sauer Charley Brock and Lloyd Cardwell

Other nominations are in order

Herring Hurls York to Win

YORK—Bill Herring general manager of the Lincoln Chiefs hurled four-hit ball as York nosed Geneva 2-1 in Cornhusker League play Sunday Lary Dunning s single in the last of the ninth drove in the winning run

Home runs by Don Wolfe and Jim Kaeding give Sutton a 5-4 nod over Utica while Stromsburg was pounding out a 10-2 win over Aurora

Geneva	000 010 000	—1	4	2
York	010 000 001	2	8	3

Reed Tallies 374 In St. Louis Meet

ST LOUIS (AP)—Ralph (Whitey) Reed of Lincoln turned in a closing round of 74 Sunday in the finals of the Westborough Round-Robin Golf Tournament Reed's total for the meet was 374 Hillman Robbins Jr of Memphis, Tenn, won the tourney with a 345 total

Attitude Aids Cooper Win

VIRGINIA BEACH Va (AP)—Pete Cooper Monday drew credit for his even temperament as well as his steady shot-making that enabled him to walk off with the Virginia Beach Open Golf Tournament

Ignoring the pressure that hampered some of his rivals the ex truck driver from Tampa Fla shot a one-quarter under-par 68 in the final round of the 72 hole tournament Sunday that gave him an aggregate score of 283

MU to Meet Spartans

OMAHA (AP) — Michigan State and Missouri, two of the 'bigs" in the NCAA college baseball world series here, tangle Monday night to see who plays Rollins College, one of the smallest ever to get to the tourney, for the championship

All three teams now have tourney records of 3-1 The meet is a double elimination affair with the championship game set for Tuesday night

Odds Favor Young Boxer

NEW YORK (AP)—Oddsmakers favor young Carmelo Costa of Brooklyn in a featherweight TV-fight from Eastern Parkway Arena tonight Costa meets Baby Ortiz of Mexico rated tops in the weight division

Luther Rawlings of Chicago faces Livio Minelli of New York in a welterweight TV scrap at St Nicholas Arena tonight Neither is rated and Rawlings is favored

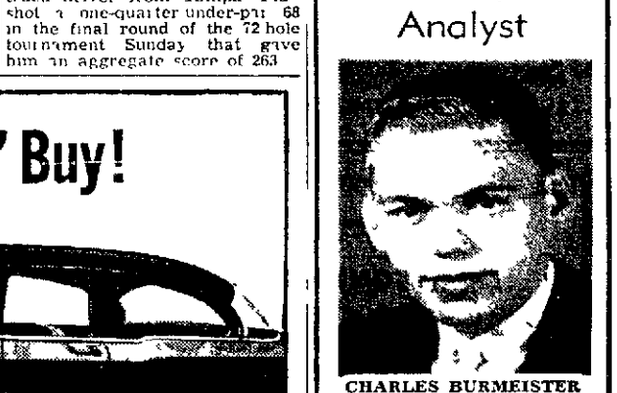
Jensen Wins Boat Race

LAKE ANDES S D —Lawrence Jensen of Lincoln won two heats in speed boat racing and placed in two others here Sunday

He won the first heat of the B Utility race and the first of the D Utility

He placed second in the second heats of both events

Jim Ludwig of Lincoln was third in the D Utility



READY TO PLAY—These Lincoln tennis enthusiasts are pictured prior to competing in the city net tourney at the LTC They are (from left first row) Larry Gottula, Elaine Unterseher and Dorothy Vestecka Back row (from left) Harold Scott Wm Elmen Hubert Kenney and Mrs Gilbert Unterseher Mrs Unterseher is president of the Lincoln Tennis Club (Journal Photo)

Air Force Net Ace Wins Pair; Showdown With Porter Looms

What is expected to be a fitting climax to the men s singles section of the City Tennis Tournament was advanced a couple of steps Sunday

Maj Charles Hanner of the Lincoln Air Base won a pair of matches to close in on a finals battle with defending champ Jim Porter Porter also won Sunday

Maj Hanner beat Carl Wohlfarth 6-0, 6-1, and Lou Orloff, 6-2 6 2

Porter went past Voris Peden 6-3, 6-0 and Pack Hunt beat Irv Simos 5-2, 6-4

Betty Torrey defeated the rain and Dorothy Vestecka in women s singles, 6-2, 2-0, 6-3 The match was started in the morning, continued in the afternoon and concluded late because of two rain interruptions

Neil Unterseher defending junior boys' champion entered the finals in that class with a 6-0 6 1, defeat of Brent Donnelson.

Earlier Donnelson won by default from Ed Haas

Hanner and Roy Colson moved along in men s doubles as Peden and Paul Worthington fell, 6-3, 6-3

Porter and the Rev Stanley Siegienski, 1953 doubles champions, handled John Moran and Bill Hill, 6-1, 6-1

MEN PAST 40

Troubled with GETTING UP NIGHTS Pains in BACK, HIPS, LEGS Tiredness, LOSS OF VIGOR

If you are a victim of these symptoms then your troubles may be traced to Glandular Inflammation. Glandular Inflammation is a constitutional disease and medicines that give temporary relief will not remove the causes of your troubles.

Neglect of Glandular Inflammation often leads to premature senility, and incurable malignancy.

The past year men from 1,000 communities have been successfully treated here at the Excelsior Institute. They have found soothing relief and a new zest in life.

The Excelsior Institute, devoted to the treatment of diseases peculiar to older men by NON-SURGICAL Methods, has a New FREE BOOK that tells how these troubles may be corrected by proven Non-Surgical treatments. This book may prove of utmost importance in your life. No obligation, Address

Excelsior Institute Dept. 3311
Excelsior Springs, Missouri.

Sportsmen Elect Dr. Carl Green

DONIPHAN (AP)—Dr. Carl R. Green of Creighton was elected new president of the Nebraska State Sportsmen's Association here Sunday. He succeeds Stan Danekas of Thedford.

Elected vice president was Ray Scheer of Arlington and Gordon Still of Kearney was re-elected secretary-treasurer.

Wayne Kennedy of Kimball, Scheer and Dr. Green were re-elected directors. Holdover directors included George Zimmerman of Big Springs, Rollo Arnold of Elm Creek, Tom Wake of Seward, Don Schwieger of Grand Island, Dr. Jack Cady of Arlington, and Danekas.

Kohler Again Dominates State Trapshoot Field

DONIPHAN, Neb. (AP)—Ralph Kohler, the Tekamah welder who makes a practice of smashing targets, topped the men's competition in the three-day Nebraska State Trapshoot which wound up here Sunday.

With scores of 379x400 and 763x800, he annexed for a second year the Nebraska all-around, life-membership and life-member overall titles.

Wayne Kennedy, Kimball, with 377x400, was runnerup to Kohler for the Nebraska all-around.

Bill Nelson, Brady, won the junior all-around handicap title with 93x100 and received the Ed Moorehead junior all-around trophy for his 374x400.

Blance Bowers, the sharp shooter from Benkelman, made her 320x400 stand up for the ladies all-around title, while Eleanor Kendall, Omaha, won the Nebraska ladies championship with 76x100. Mrs. Bowers also annexed the Nebraska ladies doubles title with 73x100.

Merle Stockman, Ackley, Iowa, won the out-of-state high over-all with 760x800 as well as the out-of-state doubles championship with 91x100.

Other winners included:

Nebraska handicap: Nelson, 93x100.

Long yardage handicap: Nelson, 93x100.

Short yardage handicap: Clarence Zlomke, Grand Island, 93x100.

State doubles: Warren Miller, Stratton, 93x100.

Class A doubles: Kennedy, 90x100.

Class B doubles: Warren Miller Stratton, 92x100.

State singles: Nelson, 199x200.

Junior singles: Nelson.

Sub-junior singles: Leo Kosiba, Duncan, 82x100.

Veterans singles: Lou Hagemeister, Sidney, 97x100.

Father and son: Ralph Kohler, 386x400.

Team championship singles: Lincoln County Wildlife Club, North Platte (Roy Minnick Jr., Jim Cole, Nelson, Pete Crites, Loron Bunney) 485x500.

Double Denver Victory Adds To WL Gap

By United Press

The front-running Denver Bears knocked over Colorado Springs 1-0 and 7-4, in a Sunday doubleheader while Omaha was nudging Des Moines out of the second place slot with a 6-3 victory over the Lincoln Chiefs.

The Denver twin victories enabled the Bears to pull five full games ahead of Omaha and five and one-half games ahead of third place Des Moines, which split a twin bill with Sioux City. The Bruins licked the Soos 9-4 in the first game, but dropped the second tile, 3-1.

In the only other Sunday game, Pueblo shut out Wichita 1-0 in the first game of a doubleheader and won the second, 7-6.

The Denver victory over last place Colorado Springs was the Bears' sixth straight win—five of the victories have been over the lowly Sky Sox, which now have lost 11 in a row.

AMAZING, NEW LINDANE

KILLS BUGS

Flies, Ants, Bedbugs, Mosquitos, Gnats, Roaches, Fleas, Night Bugs, Moths, Spiders, etc., DIE LIKE MAD when exposed to fumes of KIL-BUG! Fits any 100-watt bulb, which vaporizes amazing new Lindane, kills pesty, disease-bearing insects, thousands of pounds of Lindane already used by the U.S. Army for insect and vermin control! COMPLETE UNIT with Ample Supply of Lindane, ONLY 89c . . . at your local Grocer, Hardware, Drug Store. Remember, there's no mess or stain with Lindane.

KEEP LINCOLN UP TO DATE

NO ADDITIONAL TAXES NEEDED

VOTE "YES"

on the

CHARTER AMENDMENTS

Special Election, Tuesday, June 15

Believing that the City Charter Amendments proposed by the City Council are essential to Lincoln's continued growth and progress, the undersigned urge you to go to the polls Tuesday and vote "yes" on all proposals.

Your approval will make possible the construction of some 60 vitally-needed storm sewer and drainage projects, and the solution of Lincoln's parking problem. NOT ONE CENT OF ADDITIONAL TAX MONEY will be needed to pay for either the proposed storm sewer bonds, or the acquisition of new parking facilities.

Among the other amendments is one, authorizing the investment of idle funds, that will MAKE MONEY for the city. Others will SAVE MONEY for the taxpayer. Some are corrective. All are worthy of your approval.

1973	Bond Nos	1331	to	1415	85 000 00
1974	Bond Nos	1416	to	1500	85,000 00

Bonds Nos 336 to 1500 inclusive, maturing on July 1, of each of the years 1960 to 1974, inclusive, shall be redeemable prior to maturity as a whole or in part at the option of the City at any time on or after five years from date If less than all of the bonds numbered 336 to 1500 inclusive are to be redeemed at any time the bonds to be redeemed shall be selected by lot in any usual manner Principal and interest will be payable at the office of the County Treasurer of Lancaster County, at Lincoln Nebraska

Said bonds were authorized to be issued by said city pursuant to a charter amendment approved by the voters of said City at an election held in and for said City on May 3, 1949 for the purpose of building and equipping a city auditorium

Said bonds will be general obligations of the City payable from advalorem taxes levied upon all the taxable property in said city without limitation as to rate or amount The assessed valuation of taxable property in the city for the year 1953 as equalized and determined is $135 901 747 00 The total aggregate indebtedness of the city of every kind and character whatsoever will be after the issuance of these bonds $3 460 803 00 of which $1 165 805 is special assessment bonds The population of the City is approximately 110 000

Bids must be for all and not a part of said bonds, and said bonds will be awarded to a responsible bidder on the basis of the lowest interest cost to the city, but no bid will be considered providing for more than four interest rates and each interest rate shall be in multiple of one fourth of one per cent or one tenth of one per cent All bonds of the same maturity shall bear interest at the same rate and no bid will be considered for less than par or bearing interest at a greater rate than three per cent (3%) per annum In determining the best bid, the interest cost to the city will be computed by determining the interest from July 1, 1954 to absolute maturity of the bonds at the rate or rates specified by the bidder after deducting therefrom any premium offered

Bids will be opened at a meeting of the City Council of said city held in Lincoln, Nebraska at 10 00 o'clock A M on Monday, July 12, 1954, at which time and place, bids will be publicly read and the award made to the successful bidder

Said bonds will be delivered with the unqualified approving opinion of Chapman and Cutler, Attorneys, Chicago, Illinois, and said opinion is to be paid for by the said city, the printed bonds to be supplied by the successful bidder, and all bids must be so conditioned Each bid must be accompanied by a cashier's or certified check drawn on a state or national bank and made payable to Frank J Miller, City Treasurer, in the sum of $30 000 00, as a guarantee of good faith and for security for the performance of such bid and as liquidated damages in case the successful bidder fails to take up and pay for the bonds

All proposals shall be enclosed in a sealed envelope, marked on the outside "PROPOSAL FOR BONDS," and addressed to Theo H Berg, City Clerk at the City Hall in the City of Lincoln, Nebraska

The City reserves the right to reject any or all bids

By order of the City Council of the City of Lincoln Nebraska

Dated this 1st day of June, 1954

Theo. H. Berg, City Clerk

5 Persons Hurt In 2 Accidents

Special to The Journal

WAHOO—Five persons were taken to the Saunders County Community Hospital following two one-car accidents which happened at nearly the same time.

Four Omaha persons were injured in a one-car accident 3½ miles south and 1¼ miles east of Yutan. Injured are:

Emily Podrosa, 42, ankle and chest injuries, and cuts and bruises.

Leo Rojewsky, 41, compound fracture of the right leg, chest injuries and body bruises.

Paul Schuchart, 46, driver of car, chest injuries and severe facial cuts.

John Bazis, 39, complained of his back, but was released.

Sheriff Joe Divis said the driver lost control of the vehicle and went over a 15-foot embankment and landed in a creek with about one foot of water in it.

In the other accident, 13 miles northwest of Wahoo, Ernest F. Shorny, 42, of Wahoo, received a compound fracture of his right leg and numerous facial abrasions and bruises when he also lost control of his car, Sheriff Divis said the car was completely wrecked.

All the injured were brought to the hospital by the Wahoo fire department first aid squad.

Geneva Plans Hospital Drive

Special to The Journal

GENEVA — A movement has begun here to stimulate efforts to get a new county hospital, according to Earl W. Wilkins.

Wilkins was elected chairman of the volunteer group at a meeting attended by about 75 persons.

Wilkins said that a $150,000 bond issue will be voted upon by county voters at the primary election in August. He explained that the Federal Government will contribute about $100,000 if the bond issue is approved.

Wilkins said that the group feels that a new hospital is a necessity. He pointed out that the present hospital is a converted residence, built in 1904.

Land is selling. We are selling it.
CHRISTIAN & LENSER A
209 Fed. Sec. Bldg. Lincoln, Nebr.

68 ACRES improved, 6 miles N and 1 mile W of Stevens Creek. Call at the Post Office. Almost all tillable land, fertile high producing, very level with many possibilities. $250 per acre.

80 ACRES, unimproved, part wooded, pasture, farm. Near Firth. $11

80 ACRES, unimproved. East of Lincoln. $11,000

We make long term farm loans if you plan to buy or sell land we can help you.

ALLEN REAL ESTATE
Bob Allen 1-2311 Leys Smith 3-6031

1 80 acres east of College View, nice set of farm buildings, one of right owner might accept five or six room home in part trade.

2 Just listed 160 acres, southwest of Cortland, close to C.U. This very good producing farm is a good buy for home or investment. We think it is priced worth the money.

3 160 acres, close to Firth, modern buildings, part bottom land, good buy.

4 120 acres, 8 miles east of College View, well improved, good stock and grain farm, priced worth the money, possession of building at once, will accept home or small duplex as part payment. Let us show it to you.

5 160 acres, good house, fair out buildings on gravel, 80 acres bottom land, 2 acres of wheat, possession at once, 1½ miles from Agena, priced to sell.

We have an excellent proposition on long time farm loans. If you have a farm for sale and want quick action see us first. 14

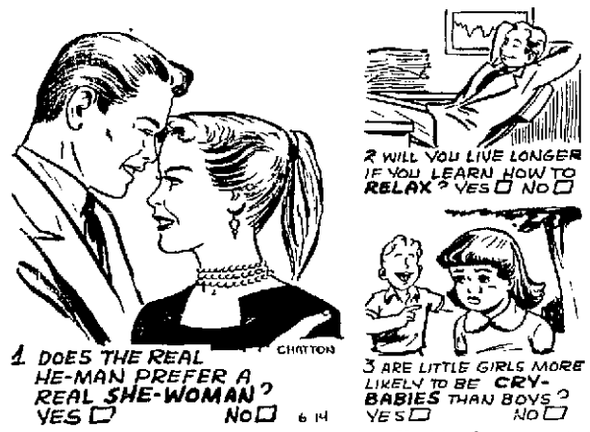
By Fred Neher

"Of course I heard every word you said only I haven't written them down yet!"

LET'S EXPLORE YOUR MIND

BY ALBERT EDWARD WIGGAM, D.Sc.



1. DOES THE REAL HE-MAN PREFER A REAL SHE-WOMAN? YES ☐ NO ☐
CHATTON
2. WILL YOU LIVE LONGER IF YOU LEARN HOW TO RELAX? YES ☐ NO ☐
3. ARE LITTLE GIRLS MORE LIKELY TO BE CRY-BABIES THAN BOYS? YES ☐ NO ☐
6-14

1 Yes. Psychiatrist Louis Bisch says, "No man likes a woman who knows all the answers and who wants to be man's equal in masculine way. They like the feminine woman. She is really the ideal woman.

2 Yes. The Lorenz Foundation is promoting study on how relaxation can improve general health. They have given the American Heart Association $10,000 to study relaxation for heart cases. Anybody can learn relaxation.

3 No. Healthy boys cry more louder and longer. Psychologists say it's because boys are more aggressive than girls, more determined to have their own way and resent more being confined in their cribs and baby pens and doing what they are told. They kick more in the cradle than girls and keep on kicking the rest of their live, which is what makes it a man's world—thank heaven!

POINTS FOR PARENTS

BY EDITH THOMAS WALLACE

Not This — This

Grandmother: This is my little friend Lizzie. Isn't she sweet? She's smart too. The other day she said—

Grandma: Yes, this is Mrs. Jones. We used to go together. Then we were not much older than you are.

The author of this feature is a grandmother so she can sympathize with our efforts to train our children. She feels that we encourage our grandchildren to become self-centered little egotists.
